As the Government had more than were needed, they were sold and the Catholic Medical Mission Board finds itself able to purchase these splendid of instruments for about onetenth of the usual price. It is hoped to secure about twenty-five of them. hough of course a far greater number could be used if means were available to buy them. As some dispensaries have complained that they

are so destitute as to have to use sterilized penknives for smaller operations, it will be seen, how great a help these Surgical Kits will be to the missions.
