

Making INSURANCE History IN THE ROCHESTER DIOCESE

THE DIOCESAN Insurance Plan recently announced in these pages is already making history, — in the Rochester Diocese and throughout the country.

COOPERATING with diocesan officials, The Underwriters Board of Rochester, N. Y., Inc., has been instrumental in leading the way to more efficient and effective insurance coverage of Catholic properties.

THE AGENCIES participating in this announcement are important factors in the progressive action of the Underwriters Board.

FOR THE INDIVIDUAL this points the way to greater certainty in choosing insurance service, for these representative members make available to anyone the same high type of service that created the Diocesan Insurance Plan.

WHEN YOU PURCHASE new insurance, or increase the coverage of your policies, look first to these leaders in the insurance field.

THEY ARE LEADERS because they serve better. They offer service that is more complete, more thorough, more reliable. They represent old-line companies that are known for their outstanding strength.

WHEN YOU INSURE your possessions or your property, you want the maximum of protection at the minimum cost consistent with absolute reliability.

THESE INSURANCE LEADERS do not sell mutual (assessment) insurance. But they do sell standard insurance at standard rates. Their service and their methods warrant your complete confidence, whether for private or business insurance coverage.

INSURANCE

... your bulwark of protection ... counteracting and compensating for losses in business or the home.

INSURANCE

... of the correct type for complete coverage is available through these Insurance Leaders.
