

On a Grey Day In April

What does it matter if skies be grey? There's a song in your heart that is light and gay...

It is a sober truth that people who live only to amuse themselves, work harder at the task than most people do in earning their daily bread.

When one loves Jesus Christ, he lives in a holy indifference, sweet and bitter are the same to him.

OUR LADY INTERCEDES A True Occurrence

Nazareth Academy Echoes

SIMON OF CYRENE SIMON looked into those eyes of pain— He took the cross to relieve the strain— Lot a flicker of light blessed Simon there For even in pain Christ had love to spare.

Yon Easter lilies, tall, white, and majestic Dropped first by angel hand I think they were— When Christ on Easter morn came forth from Limbo, An Easter Lily robed to make hearts stir.

The myriad rain drops crystal wet A memory of Christ's cruel sweat; Now as they fall on April's sod— Earth echoes the grief of a lonely God.

The Immigration Laws and the department regulations constraining them have created a maze of laws and exceptions so that it is difficult for persons not fully versed in Immigration Laws to understand them.

The Immigration Bureau of the N. C. W. C. is one of the several Bureaus operated by the National Catholic Welfare Conference, which under exceedingly great difficulties, has been carrying on a wonderful work in the assistance of Catholic immigrants who have innocently become enmeshed in the intricacies of the Immigration Laws.

The following is a specimen case from the March number of "Catholic Action" indicating the difficulty, and showing the injustice of the administration of the inelastic provisions of the Immigration Law.
