'Mercedes' Mercy High Publication Issued

The "Mercedes," the semi-annual magazine of Mercy High School, has been released this week. It is edited by the students under the direction of Margaret Glaser as editor-in-chief.

It fittingly carries a beautiful memorial to the memory of the late Most Rev. John Francis O'Hern.

Following the usual plan of building the "Mercedes" around a theme, this present issue is built around the author theme as a nucleus. Articles on two authors are featured. These are "Christopher Morley" by Dorothy Rita Pennessy, and "Richard Halliburton" by Jeannette Thompson. Miss Pennessy interviewed Mr. John Adams Lowry, head of the Rochester Public Libraries and personal friend of Christopher Morley, to obtain information which she gives to her readers in a well written article. Miss Thompson in her interesting article reviews the lecture given by Mr. Halliburton in Rochester. The issue also contains a one-act play, several short stories, poems, sociality news, an historical sketch of the life of Tekakwitha, editorials and book reviews. The pictures of the members of this year's graduating class appear in this issue and make the June issue of the "Mercedes" a magazine to be desired by all friends of the graduates.

Our Lady of Victory School Graduates Elect Officers

The graduates of Our Lady of Victory School, numbering twenty-two; eleven boys and eleven girls, held a special meeting on June 11, 1933, for the purpose of electing a Board of Officers. Rev. C. A. Van der Meulen, pastor of the church, acted as chairman, assisted by their class teacher.

By secret ballot the following were elected: President, John Balsam; Vice-President, Elodie Soenen; Secretary, Anthony Brunette; Treasurer, Henry Forkell.

The following resolutions were passed: The Commencement Exercises will take place June 25, 1933. A "Good-Fellowship" picnic will be given June 28, 1933. Resolved: Whereas the respective ages of the graduates require continuation of studies; whereas further studies will assure them a much more prosperous future; whereas, nowadays times are not favorable to secure an immediate occupation—a common effort will be made which will enable them to follow the studies for which they are best adapted, and which will be most profitable for personal and social welfare.

congratulations. We congratulate the young people who are graduating from school this June. We also congratulate the fathers and mothers who have doubtless made sacrifices to make possible the educational activities which are now culminating in graduation. We suggest that perhaps nothing is more important today than good health. We remind you that now is a very opportune time to purchase that refrigerator whose buying may have been deferred until the end of the school year. Come in and see our line of Electrolux (gas) refrigerators, or the Frigidaires, General Electric or Jewett electric refrigerators. Prices were never so low, and are apt to advance in the very near future. An Automatic refrigerator means better health and happiness for all the family. RGE
