# YOUL DIOCESAN YOUL NEWSPAPER

FOR 18 MONTHS the CATHOLIC COURIER has been in the throes of reorganisation, carrying toward realization the plan of the late Bishop O'Hern that this newstaper should be ... and must be . , worthy of its designation as the official diocesan newspaper, and worthy of the attention and subport of the Catholic public throughout the Rochester Diocese.

REORGANIZATION has meant-complete revision of every phase of newspaper production ... new policies, new principles, new methods. The editorial and news content of this publication has been raised to a con ently high level. Type and printing have been improved to lend a distinction in character with the reading matter. Business procedure has been standardized to conform with sound ethical principles.

NOW THE GOAL is in sight! This newspaper has been remade, new in everything but its name. And already that name connotes a new force in the ranks of the Catholic Press. gaining national as well as local recognition.

NOW WE CAN look up from our task of carrying on toward an even greater improvement to say: "Here is an exceptional Catholic newspaper. It lacks but one element for complete success, - increased circulation. Without more readers our usefulness is limited and our problems multiplied. The CATH-OLIC COURIER is your official diocesan newspaper. It is readable, informative, and a unique source of authoritative Catholic news. We need you as a regular reader of every issue!"
