Toward Social Control
The first of these characteristics, Dr. Hayes said, is an unprecedented absorption in economic and material prosperity which he defined as the very latest phase of the industrial revolution, and which is contributing to a general discontent toward nationalities.
Among the other characteristics of the new nationalism, Dr. Hayes listed "a remarkable volume, particularly in Europe, in the doctrine of the superman and a trend toward dictatorship."
While we may work for a certain amount of economic nationalism, Dr. Hayes said, "the problem is how are we going to separate it from the other characteristics." Taking all the characteristics together, the speaker said, "we have a profound and psychological foundation for war."

Do You Know What This Is?
It's a mortar and pestle. They were originally used by the alchemists hundreds of years ago for the pulverizing of drugs. They became through the course of centuries an accepted symbol of the pharmacy. The mortar and the pestle are still used today. With all their symbolism the mechanical care and accuracy we practice in filling your prescriptions.
