Briefly the plan of organization is Columbus Civic Center, Holy Redeemer's, and St. Stanislaus. This Organize sixteen parish leagues would necessitate the use of two outside halls. The plan calls for the payment of

successive nights at the same hall, \$1 by each man for bowling expenses thus necessitating the use of eight sud prize money each week and an additional five cents for the foul line geper, Such a plan would mean that cach league would turn over \$42 to he manociation each week. Sixteen leagues would thus bring in

weekly gross of \$672 or a season total of \$18,816. Roughly speaking, about half of every dollar paid into the association would go for prize money and the remainder to cover ex-
