HOLY NAME MEN EXTEND TIME OF CAMPAIGN

New Parishes Continue To Report Subscriptions For Catholic Courier

With many new parishes continuing to report, this week's quota of subscriptions obtained in the Holy Name Campaign for the CATHOLIC COURIER showed that active interest in the drive is not wavering, as the closing date of the campaign is extended to September 21.

While St. John the Evangelist, Rochester, maintains the lead with 209 subscriptions, and Immaculate Conception and St. Ambrose, both of this city, hold second and third places with 136 and 123 subscriptions, respectively, St. Alphonsus, Auburn, jumped from eleventh place to fourth place with 72 additional subscriptions, for a total of 113 to date. Holy Redeemer, Rochester, moved into fifth place with a total of 104 subscriptions, but St. Monica's, Rochester, is quickly advancing with 101 subscriptions.

When informed of the totals to date, the Rev. F. William Stauder, Diocesan Spiritual Director of the Holy Name Union, was very much pleased with the progress of the drive. In remarking on the campaign, he said:

"It is apparent, from the results so far, that the Holy Name men have accepted this task with great enthusiasm and I have no fear that when the campaign is over and the results finally tabulated, that it will be a great success. However, since a number of parishes have requested that the campaign be extended beyond the date set for its close, we feel that this concession should be granted. Consequently, the campaign will not close until September 21 at which time, we feel, that every parish will be on the list as having obtained some subscriptions in this drive."

Brighton Place Dairy Has High Safety Record

Through the activity of their Safety Committee, the Brighton Place Dairy Company, Inc., has a record of which it may well be proud. During the past twenty-nine months this company has operated a fleet of thirty-five trucks daily in Rochester and vicinity, covering a total of over 30,000 miles per month without a reportable accident.

This accomplishment has won for them each month the Safety Card in their group and for the past two years, the Banner awarded by the Safety Committee of the Chamber of Commerce. In other words, they have driven a total of 870,000 miles in the past twenty-nine months without an accident being charged against their record.

This has been made possible through the efforts of their Safety Committee organized some three years ago, the leading members of which are: Harry Olmstead, chairman, Frank Bechtold, William Monahan, Myron Rice, and Henry Morris, assisted by Frank Cheatham, safety engineer of the Travelers Life Insurance Company. Semi-monthly meetings are held at the plant at which time all drivers are instructed along safety lines.

For the past two years, bonuses have been paid amounting to about $750 per year which is pro-rated among the drivers according to their respective mileage.
