XX EXTRA BATH

Plan D is really a tiny but com-

[illegible] this welcome little but comfy bath. Plan C. Here is an idea. Let's divide the large storage closet, still keeping one-half of the space for linens as before, but convert the other half into an auxiliary wash room to be connected by sliding doors with the present bathroom and the existing [illegible]. Plan A shown above. Here Plan D is still another scheme for providing a shower. We take away from an [illegible] under the main stairs a bedroom space 3 feet wide, [illegible] washroom and only part of which is converted into an [illegible] of 4 feet wide for excellent wardrobe, the balance in [illegible] a convenient washroom.

[illegible] by all means consult your plumber before you start to tear [illegible] walls. He may have a better [illegible] suggestion. And don't forget to build in a [illegible] several small window in each of those compartments for ventilation.

Hers Windows

[illegible] this [illegible] brackets are controlled by switches, many unnecessary steps [illegible] turn them on and off, are [illegible] just should be one [illegible] by the same switch.

Try This On Your Linoleum

We are referring to Lowe Brothers' Linoleum Lacquer—one of the many popular specialties of that well known company's line. It is a specially durable finish, so easy to clean that wiping with a damp cloth will remove all the dirt.
