Holy Name Society of Holy Rosary Church Takes Mexico Action

Holy Name Society of Holy Rosary Church has adopted the following resolution on conditions in Mexico: WHEREAS, The tyrannical rulers of the Government of Mexico have instituted a reign of terror against the Church, Religious and Catholic People of that unfortunate country, virtually taking away from them the inalienable right to practice their religious beliefs according to the tradition of a free people; and WHEREAS, We believe that the Government of the United States has given encouragement to this group of despots by a policy of 'marking time' while conditions have been rapidly growing worse; and WHEREAS, On at least one occasion our diplomatic representatives to that country has complained of 'marking time' while conditions have been rapidly growing worse; and BE IT RESOLVED: That the members of the Holy Name Society of Holy Rosary Church at Rochester, New York, vigorously condemn with all the power at our command the outrageous and inhuman treatment of our co-religionists of the Southern Republic, and we urge that the President of the United States take whatever action is necessary through trade embargoes and by recalling the American Ambassador to Mexico, to restore peace and happiness to a suffering people.

HOME IMPROVEMENTS by Paul T. Haagen, A.I.A.

TRY A NEW DOORWAY Many of the older houses have an unattractive entrance door, stoop or porch which greatly detracts from the appearance of the home. Ordinarily the exterior of the house is not bad otherwise, and so you may be able to reconceive your home and bring it up to date at slight expense by simply removing the old entrance door and frame and substituting a new, fresh entrance.

DOOR CLOSERS CONVENIENT How much more comfortable and convenient many homes would be with door closers! These small items of utility are almost universal in offices, schools, stores and elsewhere. In the home, they would insure relief from slamming doors, save heat lost through doors carelessly left open, and prevent injurious drafts and disagreeable kitchen odors.

REMAINDER OF FORMAN STORE is now being AIR CONDITIONED

An Important Endorsement for Air-Conditioning Last Winter, the B. Forman Company placed an order to air-condition the first two floors of their store on Clinton Avenue South. This was the Forman officials frankly stated at that time, an experiment on their part; their store had always been equipped with every aid to comfortable, restful shopping, and they sought to discover whether or not air-conditioning would further add to the pleasures of shopping at Forman's.

Forman's experience has been so highly satisfactory that they have ordered an additional installation, so that the balance of the entire sales area of the Forman Store is now being air-conditioned. This includes their Beauty Shop and the selling space they occupy on the upper floors of the buildings adjoining their own.

Customers appreciate having pure, fresh, wholesome and gently circulating air to breathe, the year 'round. The Forman Company appreciates the greater store cleanliness that results from cleaned air, and the exhilarating atmosphere resulting from regulated temperatures.

To have a store of the high standing of Forman's give this fine endorsement to air-conditioning, we consider the strongest possible testimonial to the complete triumph of this modern service made possible by electricity.

If you are interested in air-conditioning, call Main 3960 and ask for Industrial Dept. Information and data freely given.
