By REV. OWEN B. McGUIRE, D.D.

IN THIS WEEK'S ARTICLE DR. McGUIRE GIVES IMPRESSIONS AFTER READING ARNOLD LUNN'S 'NOW I SEE'

I have just finished reading a book, and I regret that we could not have read it together. I like to discuss with my friends matters that interest me, and this book has interested me intensely. It throws much light on several subjects that we have been discussing in our conferences during the past few months, and it underlines many things that I had been trying to explain to you.

quent controversy, oral and written, with all manner of intellectuals - scientists, Athletes, Evangelicals, Modernists, Anglicans and Catholics worked his way up to the door of the Catholic Church, which he had detested, and entered the door at the age of forty-five.

Book Worth Getting This Odyssey, if one might so call it, is, as I have said, one of intense interest, and for that reason I wish we could read it in a little select circle of intelligent and interested persons such as you are. But since this is impossible, I would suggest that you buy the book yourself. If you have two dollars to spare and read it. Perhaps you can borrow it at the library; but I would prefer that you get a copy of your own, for it is a book to be kept and annotated and lent to your friends, Catholic and non-Catholic.

Among the latter may be some of the many sincere in the quest for truth, as was the young man and confronted with the same soul-searching problems that allowed him no peace for 25 years until he had finally solved them. What is this world, and this life? Is it all a dream or is it real? What meaning has it for me? Whence have I come? What am I here for? Whether am I tending? If there is a God, and if there is a future life for me, has He left me no means to know His will, to know what I have to do here in order to meet Him and enjoy His company in that future life hereafter? To fulfill my destiny, if I am here for a purpose?

Objection to Abuse Arnold's mother was born in Ireland and daughter of a Canon Moore in the Anglican Church there. She was a devoted and loving wife of her husband's love for the poor and his activities to ameliorate their condition. But as a young woman she had spent some time in Germany reading the works of the German Rationalist philosophers and "higher critics," and lost most of her early beliefs. But she remained Anglican for the Anglican Church had a very "open" and "liberal" attitude towards money and social

Advice To A Daughter

Mother's love is something protective as well as tender, says the Ave Maria. The following touching letter was written by one of Dillinger's wise-cracking associates. She knew the bitterness of life and advises her daughter - it is full of common-sense and the irony of it is pathetic.
