CURRENT ERRONEOUS STATEMENTS ABOUT ENGLAND'S 'REFORMATION' SHOWN AS RESULT OF FALSE TRADITION

On a more recent occasion I

think it was last week-I was tell-

ing you how menasticism first

came into England, how it made

England what England became and

Made Him Unpopular

On a recent occasion we were talking about President Conant's statement that the "mob," the common people in England, rose up and destroyed the monasteries. I asked you not to believe that and promyou not to believe that and promised to show you that what happened was the very contrary, that the people in vanous parts of England rose in rebellion against the King and his benchmen who were looting, plumdering and confiscating the monasteries.

On March 6, 1919,14,000 boys of the 27th division sailed into New York harbor aboard the Mauretania and Leviathan. These great liners were escorted by a large fleet of welcoming craft. Bands played from every deck. Airplanes circled overhead. The most spectacular part of the home-coming was a parade by the 27th division up 5th Avenue. Several days later when the boys. returned to Rochester a similar parade was held and Roc extended her official welcome
