Editors To Extend Campaign Against Persecution  
of Religion; Map Drive on Evil Stage Shows,  
Films; Next Meeting Invited Here

By BURKE WALSH  
(Staff Correspondent, NCWC News Service)

Atlanta—A reinvigorated crusade by the Catholic Press of the United States, beginning in June and continuing as long thereafter as may be necessary, for the cessation of the persecution of religion in Mexico is called for in a resolution adopted by the Catholic Press Association of the United States at its closing session here Saturday.

The Association also pledged continued co-operation with the Bishops' Committee on Motion Pictures in the movement for the improvement of moral standards of motion pictures, and struck out against stage shows offered in connection with films. Still another resolution, adopted unanimously, continued the Association's Circulation Vigilance Committee to protect our people against fraudulent practices of unscrupulous magazine circulation solicitors.

Invitations to hold next year's meeting in Columbus and Rochester were referred to the Executive Board.

At the election of officers, Saturday morning, the Most Rev. James J. Hartley, Bishop of Columbus, was again chosen Honorary President, and Joseph J. Quinn of the Southern States, Oklahoma City, was re-elected President. The Rev. William Parsons, S. J., Editor of America, was elected Vice-President to succeed the Rt. Rev. Magr James P. O'Brien, of the Providence Visitor, who resigned because of ill health. The Rev. Patrick J. Carroll, C. S. C., of Ave Maria Notre Dame, Ind., was elected a member of the Literature Bureau, succeeding Father Parsons. Charles Murphy, Business Manager of the Baltimore-Catholic Review, was elected a member of the Advertising Committee. All other officers were re-elected. Mr. Quinn appointed the Rev. J. W. De Ponce, O. S. M., Chicago, Benedict Elder Louisville, and J. H. Meier, Chicago, to constitute the new Circulation Vigilance Committee.

The resolution on Mexico said: "Whereas an atheistic, communistic tyranny extinguishing liberty and rooting out Christian belief and practice even from the hearts of children is now rampant in Mexico and whereas the Administrative Committee of the National Catholic Welfare Conference has recently recommended that petition and protest be made and that the month of June be set aside as a month of prayer in behalf of the oppressed Mexican Church and people; and whereas the Catholic Press both magazines and newspapers has been the only articulate voice

### Priest, Layman Resign Rotary as Mexico Protest

Jersey City, N. J. (NCWC) — As a protest against the selection of Mexico City for the 1935 Convention of Rotary International, the Rev. William J. Carlin, pastor of St. Joseph's Catholic Church, here, and Dr. James A. Nugent, President of Jersey City's Public Schools, have resigned from the local Rotary club.

In announcing their action Father Carlin said: "The selection of Mexico City for the 1935 Convention of Rotary International is a gross insult to the Catholic Church and to the people of Mexico."

ALL THE festivities that revolve around the wedding require appropriate gifts, appropriate etiquette, AND IF ANY of these considerations create a problem for you, let Suzanne give you the appropriate answer. Turn now to Page Two where she writes "As One Woman To Another" about "June Brides."

### 120 ALTARS TO BE USED AT CONGRESS

Unprecedented Plans for  
Cleveland National Eu-  
charistic Event Told

Atlanta (NCWC) — How plans are going forward for a project without precedent in this country, the erection of altars in a public auditorium to permit the celebration of some 120 Masses at the same time was revealed by the Rev. Dr. M. J. Fitzpatrick, Editor of The Catholic University Bulletin, Cleveland, in an address to the Catholic Press Association Convention here on the National Eucharistic Congress to be held in Cleveland, September 22 to 26.

Declaring that "we are going to give the Catholic people of the United States a most wonderful opportunity to make an impressive demonstration of their Faith," Father Fitzpatrick explained the projected use of the Public Auditorium in Cleveland in connection with the Seventh National Eucharistic Congress. The stage of the Auditorium, he said, will become a sanctuary. The congress will be accommodated in the main body of the Auditorium, where there is room for 20,000 persons. Space on the opposite side of the stage accommodating some 1,000 persons is to be reserved for the choir and even then some of the singers will overflow into the main part of the Auditorium.

The approximately 120 altars, which are to be erected within the Auditorium, Father Fitzpatrick said, will each represent a Diocese in the United States and its possessions, and pilgrims from various localities will be able to attend Mass said by their own priests.

Present information places at 70 the number of Bishops who are planning to attend the Congress. Father Fitzpatrick said he added that the main altar in the Auditorium will be a copy of the altar in St. Peter's Basilica in Rome and spoke of "an open-air Cathedral, where for three days the Blessed Sacrament will be exposed in the very heart of Cleveland."

"The real, strong faith of this people," Father Fitzpatrick continued, "has never been revealed as fully as it should be. He appealed to the Catholic editors of the country to help in making the people of the United States Eucharistic-minded." "Cleveland," he said, "will be another Bethlehem and we want Catholic editors to be stars pointing the way to Bethlehem."

Word has been received from San Francisco that the Most Rev. Archbishop Edward Hanna, who recently resigned, is to be installed as Archbishop of San Francisco on Thursday of this week in St. John Lateran Basilica, the Cathedral Church of Rome, when he was ordained on May 30, 1935.

Archbishop Hanna's two brothers, James H. and Frank N., live in Rochester and he has several nephews and nieces here in the East and Hanna families.

After ordination he served as professor in St. Andrew's Seminary and later as professor at St. Bernard's Seminary. Appointed Auxiliary in 1912 to the See of San Francisco, Archbishop Hanna was appointed third Archbishop of San Francisco in 1915. As head of that See and as chairman of the N. C. W. C. Administrative Committee, Archbishop Hanna had a distinguished career.

### INDEPENDENT MONASTERY

Quebec (NCWC) — The Benedictine Monastery of St. Benoit-du-Lac, in the Diocese of Sherbrooke, heretofore a dependency of St. Wandrille's Monastery in Normandy, has been made an independent monastery. Don Leon O'Brien is the new Prior.

### FEAR BIGOTRY WAVE IN SCOTLAND AS PROTESTANT TERRORISM GROWS

London (NCWC) — Police and men parishioners are nightly guarding St. Mary's Cathedral and St. Patrick's Church in Edinburgh following Protestant threats of violence. A charge of snapper was exploded outside the Cathedral and while the detonation did no damage to the Cathedral itself, it did shatter the windows of many neighboring buildings. These events came on the eve of the meeting of the Church of

### STERILIZATION HIT BLOW BY WORLD GROUP

Valdian City (NCWC) Cable — The practice of sterilization has received a stunning blow, with the decision of the International Hospital Congress, meeting in Rome, to exclude the discussion of this topic from the program of its next meeting, to be held in Paris, September 1 to 10, 1936.

The Rome Congress had suggested that the sterilization issue be discussed by the whole world. Addressing a group of delegates to the International Hospital Congress whom he received in audience last Friday, His Holiness Pope Pius XI said that if the pagan propaganda now being spread in Germany is extended and accepted by other nations incalculable harm will be done to the whole world. This morning, His Holiness received in audience a group of Polish doctors, who, supported by delegates from France and Spain, had championed the Holy Father's views of sterilization before the Hospital Congress. The Dutch doctors, who were present, also supported the views of the Holy Father. They had been with the Pope, he said, and they had merited praise. His Holiness gave the doctors his blessing.

### LATE BULLETINS (NCWC News Service)

Louis Hospitals — His Holiness Pope Pius XI expressed delight with the social activity of Catholic hospitals in the United States and Canada, as revealed by a report presented to him Saturday by the Rev. Alphonsus M. Schwab, S. J., president of the Catholic Hospital Association of the U. S. and Canada.

Settles Strike — Fort Wayne, Ind.—Through the offices of the Rev. S. Joachim Ryder, pastor of St. John the Baptist Catholic Church, acting as mediator, the labor dispute between employees of the Potomac Auto Company and the company has been settled to the satisfaction of both groups.

Makes Appointment — Valdian City—His Holiness Pope Pius XI has appointed the Rt. Rev. Magr. Filippo Giobbe, former secretary of the Pontifical Commission for Russia, to the post of Director of the Acta Apostolicae Sedis, official publication of the Holy See.

Regulate Press — Berlin—Owners and publishers of non-Nazi newspapers are given three to six months in which to bring their papers in line. A recent law, which went into effect immediately, makes the Catholic press, the Protestant press and such Jewish publications as still exist, subject directly to the control of the Editors.

### Catholic Scouting Cooperation Draws National Leaders Praise

Chicago (NCWC) — Catholic co-operation was featured in several sessions of the twenty-fifth annual meeting of the National Council of the Boy Scouts of America, just held here. Announcement that there are now 64 Catholic diocesan scout chaplains was received with great gratification by the National Council.

The banquet, which closed the annual meeting, was attended by 1,150 persons. The feature of the dinner was an address by the Most Rev. Bernard J. Shell, auxiliary Bishop of Chicago, who conveyed the felicitations and best wishes of His Eminence George Cardinal Mundelein, Archbishop of Chicago.

Cardinal's Interest Told — Bishop Shell, expressing the Cardinal's enthusiasm and interest in scouting, declared that he himself considered it "the most and the best plan for organized recreation that combines the spirit of adventure with education, that can be found anywhere."

Boys and young men today are just as fine as ever," he continued, "and they are willing under the proper type of leadership to give to their country and to give to the world, provided there is an opportunity for it, the best that they have. There is no such thing as a youth problem or a boy problem. It is simply that they are surplus to the requirements of the world, and they are entirely new, and consequently they need direction and leadership and guidance, in order that they might charter their course, a course that is founded upon the idealization of love for their country, a realization of the value of their citizenship, and an understanding of the power that they feel as citizens in the sight of Almighty God.

Communist is Enemy — The greatest tribute that can be given to the Boy Scouts of America, as a distinction of merit, is the fact that the communist is considered one of their greatest enemies. And the reason is that they hold and carry a course for the boy and the young man that carries along with it not only the realization of those hopes and dreams that are a part of every boy's life, but the realization of that which they so frequently find no outlet for. They give that, and they carry along with it the intensifying of Americanism, the love of country, the love of their citizenship, the love of their God, and the net result is that we will have the coming generation just as fine and just as virile, just as strong and just as intelligent American young citizenship as we have ever had.

"We are facing many problems, particularly in the guidance of our young manhood and of our boys, but thank God we have new consecrated men, dedicated to the service that is the highest and the noblest that I know of, because it is a service of love, based upon that growing conviction that anything that you might do for the benefit of the boy and young man is the finest contribution that you can make to American civilization. This is why it is a pleasure, and a privilege, and a distinction, to be here and so offer words of greeting to you, not only from our Catholic Scouts, but particularly from the personality who is my superior, and whose heart is a heart of youth and a heart of boyhood, and yet whose mind has the vision to see that the scouting program is essential and necessary for the future protection of our beloved land. I thank you."

### MEMORIAL RITE AT ST. MARY'S DRAWS THROU

Deeply impressive services, participated in by five of the ten World War chaplains of the Diocese, marked the first memorial service of its kind in St. Mary's Church, South Street, Sunday evening.

The ceremony, under the direction of the Rev. Dr. George R. Kettell, pastor of St. Mary's and former national chaplain of the American Legion, attracted over 1,000 people.

Assisting Dr. Kettell were the Rev. Charles J. Brulles, pastor of St. Margaret Mary Church, present chaplain of the American Legion, and state chaplain of the Veterans of Foreign Wars; the Rev. Frank W. Mason, pastor of Our Lady of Lourdes Church; the Rev. John B. Crowe, pastor of St. Mary's Church, Auburn; and the Rev. Arthur A. LeMay, chaplain of the U. S. Veterans Facility at Bath.

A stirring memorial service was reached by Dr. Kettell at the conclusion of which the church was darkened and taps was sounded for the soldiers.

Solemn Benediction of the Blessed Sacrament followed with Father LeMay being assisted by Father Brulles and Father Mason.

### War Upon Religion Must Be Relentless, Says Russian Leader

Berlin (NCWC) — The war against religion must be carried on relentlessly, says Yaroslavsky, the head of the Russian Godless movement, in his official magazine, according to Moscow reports received here.

"We want to make one huge fire of the churches of the whole world," the Communist continues; "we want to increase our activities to undermine the foundations of old society. The servants of religion ought to know that no God, no Saint, no prayer can save capitalism."

In spite of these declarations the fifty churches still existing in Moscow were crowded by some 100,000 faithful at Easter.

### Theresa Neumann Passes 10th Year Stigmatized

Konnersreuth (NCWC) — The tenth anniversary of the stigmatization of Theresa Neumann, the Bavarian peasant girl whose name has become known throughout the world, has just passed. The number of visitors coming to Konnersreuth has been considerably reduced since a strict control is being applied by the Episcopal authorities of Regensburg. Yet there are always some who manage to be admitted to a brief visit.

### SAYS CATHOLIC CHURCH WELCOMES EVERY NEW DISCOVERY OF SCIENCE

Peoria, Ill. (NCWC) — "The Catholic Church welcomes every new discovery of science because it gives us a better insight into the laws of nature and of the Supreme Intelligence from which they emanate," declared the Rev. Dr. John A. O'Brien, director of the Newman Foundation at the University of Illinois, in an address to the faculty and student body of Bradley College, here.

"In her efforts to penetrate the shadows and mists, to arrive at a deeper knowledge of God and of His relations to the physical universe, religion has a powerful ally in science," Dr. O'Brien said.
