All Eyes On Graduation . . .
The big day approaches, graduation, the climax of one of life's epochs for your boy or girl. Keen intellects and bright eyes, and a start into that future in which we are all so much interested.
Keep those youthful eyes BRIGHT, for much of life's success depends upon good health, which is so vitally dependent upon good vision.
A fine gift for graduation (and we can say this whole-heartedly) is a Better Light, Better Sight student lamp. These lamps carry the approval of the Illuminating Engineering Society. They are the 'last word' in eyesight conservation through proper lighting, and will help, for years to come, to conserve that most valuable asset, normal vision.
We shall be glad to explain to you the many features of the Better Light Better Sight Student Lamps. You can see them at your electrical dealer's or on our Main Floor.
