ANNUAL ACHESVILLE PILGRIMAGE—August 25... Our annual pilgrimage to the Shrine of the North American Martyrs at Auriesville will be on Sunday, August 25, via the New York Central Railroad.

Nestling amid the rugged beauty of the Adirondack foothills is the newly created Shrine of North America's Martyr Saints at Auriesville, N. Y., and one which is rapidly becoming endeared to the hearts of American Catholics.

It marks the site of the cruel death of the Blessed Virgin Mary on October 18, 1649, of the great American missionary, Saint Isaac Jogues, S. J., at the hands of the ferocious Indians.

The following Rochester women attended the quarterly meeting of the Rochester Diocesan Council, J. Charles Garnier, S. J., Noel held in Elmira, Wednesday, August 21.

To absorb refrigerator odors keep a small dish of powdered charcoal on one of the shelves. It absorbs odors and prevents rancidity of food. From time to time a fresh dish of charcoal should be put into the refrigerator.

An Announcement to Mothers of the 15400 Girls in the parochial grade and high schools of the diocese...

Answers indicated that the dark colored cotton dress was the backbone of every Junior High School girl's wardrobe. This is striped and has the new extra length that growing girls require. Sizes 12 to 16, \$3.50.

One of the most thrilling discoveries of our survey—sister dresses. We've always known that girls adored them, but we didn't expect that mothers would ask for them in such tremendous numbers. Navy broadcloth white mid-dy top. Sizes 7 to 12, \$2.25.

Printed cotton classroom dresses without too much white, around \$2—that's the way mothers voted, almost to a woman. This is a diminutive shirtwaist-type, with buttons running down the front. Easy to iron. Sizes 7 to 14, \$2.

Our analysis revealed that mothers and their algebra-conscious daughters wanted wool dresses, but they must be bright and not too little-girl looking. This bold-effect plaid has a very grown-up air. Sizes 12 to 16, \$4.

OVER 15,400 girls in parochial schools, and even more than that number in public schools, and all of them needing clothes for back to classes—a tremendous opportunity for Forman's to be of service! Something worth doing well. So we went after the facts, to do it better than it had ever been done before... For weeks we have been asking mothers about their preference in school-girl clothes. We learned that 91 per cent of those we surveyed preferred tailored things for school in contrast to frilly things for summer; 72 per cent favored dark cotton dresses; it was about 50-50 on regulation vs. fur-trimmed coats; and so on... Equipped with these details we assembled our assortments. Mothers! Forman's has the school togs you asked for! We are ready for the opening bell! (Third Floor).
