WILL & BAUMER CANDLE CO., INC.

*The Pioneer Church Candle Manufacturers
of America*

SYRACUSE, N. Y.

In our bleachery, hundreds of tons of the finest crude beeswax are sun and air-bleached each year. Nature's own bleaching methods are slower and more costly than chemical bleaching, but infinitely better. For this reason it is the method which we use in preparing beeswax for our Candles.

We have served the Clergy and Religious satisfactorily for eighty years.
