Contends Children Should Not Att ind School Afternoons

London (No) - Children a ould not attend school in the af fr ton, in the opinion of Father Moxon. J. speaking at the speach day of as secondary school which he founded at Paddock House. Accrimoto.

He said home work is necessary to show whether the child has nn-

derstood the teaching imparted during school hours His solution was to close the school by 2 p. m and thus make it possible for the children to do their home work and

get to bed early

Afternoon school, he declared to
a waste of time because both the teachers and the children are sleepy after a meal. When he opened Paddock House school he put his idea into practice, but the Poird of Education would not countenance the proceeding, and so the children now have to go to school in the
