A streak of brilliant hitting now darting across the courts of Rochester and points north, south, east and west has served to revive an ancient but unanswered question: "Who is the greatest player ever to don the Maroon and White spanglers of Aquinas Institute?"

The gentleman who provokes the revival of this question is one Mike Pellino. At the present moment Mike is dashing up and down some court throwing in buckets with reckless abandon.

And, what's more, he's doing it in fact company. Professional basketball is emerging from a long state of dormancy in the neck of the woods and Mike seems to be the man who's leading the game out of the wilderness.

The other night Mike tossed in seven field goals and a foul to lead his team to victory in an overtime contest. A grand total of fifteen points is a great night's work in any man's league but to Mike it's nothing out of the ordinary.

Mike plays a running guard and makes no pretense for shooting under the basket. He was ticketed to go to Manhattan College this fall but returned home before the basketball season opened.

Now that you have a fairly good idea of what Mike Pellino had in mind, let's see how he did in the past year. Stepping out in fact amateur and semi-pro ranks, Mike showed the boys he was no mere scholastic flash in the pan.

Under threats of sporting herself from those who preceded and followed her, I am inclined to rank Joe Kennedy as the school's best basketball player for comparative purposes.
