CONTENDS BIRTH CONTROL LEADS TO JUSTIFYING 'MERCY MURDER'

(Continued from Page 1)

turned after their one unconsidered ... and probably much regretted ven... ture into that field. On the moral ... side of the question they protest ... against the Cardinal's statement ... that they had set up a purely ... utilitarian code of morals. In their ... protest, however, they make no ... attempt to combat His Eminence's ... clear-cut statement on the exist... ence of a moral Code established ... by nature herself, a code that has ... come down through the ages, ... known to pagan Jew and Chris... tian alike. It is the law to which ... Cicero referred in his classic ... defense of Milo as that law which ... we have not written but which is ... born with us; which we have not ... learned, nor received from tradi... tion, nor read, but which ... we ... have taken and drawn in and im... bibed from nature herself; a law ... which we were not taught but ac... tually to which we were made; in ... which we were not trained by ... which is ingrained in us.'

... writing of this natural law, ... Ignatius, most famous of jurists, ... says: 'This law of nature . . . is ... among all over the globe, in all ... centuries and at all times: no hu... man laws are of any validity if ... contrary to this.'

... finds is the code against which ... Eminence declares birth pre... vention offends. In their reply the ... dissenting divines reassert, by im... plication, their utilitarian stand... point. Such a standard would pro... vide justification for 'mercy kill... ing.' And if 'mercy killing' of the ... sick is justified on a purely practi... cal basis, why not also of the ... aged, of the unemployable, who are ... such a burden on the tax-payers? ... Why not indeed of the unem... ployed? Here is a thoroughly logi... cal, if revolting, solution of the ... whole problem. Precisely the same ... line of reasoning applies to all ... as applies to one. If the usefulness ... of the action is its justification, it ... is hard to conceive of any deed ... that could not at some time be ... justified. If the advocates of birth ... prevention are 'Prophets of ... Decadence,' by this reasoning they ... place themselves behind a whole ... 'Philosophy of Decadence.'

Mrs. Sanger's Plan

"The thirteen divines have be... labored the point that all they ... desire in the whole matter under... discussion is full freedom for all ... to do as they wish. It is that they ... do not think the present moment ... a propitious one to discuss in pub... lic the full gamut of the birth pre... vention movement as expressed by ... their leader? I refer them to an ... article from the pen of Mrs San... ger that appeared in the American ... Weekly, a supplement of the New ... York American, on Sunday, May 27, ... 1934. It was entitled, 'Is License for ... Mothers to Have Babies,' and ... makes very interesting reading for ... those who look upon birth preven... tion propagandists as apostles of ... liberty but criticise Cardinal Hayes ... for presuming to speak in defense ... of the moral law. Mrs Sanger in ... this article calls for an 'American ... Baby Code.' Articles three, four ... and six of the Code as proposed ... read

"Article 3. A marriage license ... shall in itself give husband and ... wife only the right to a common ... household and not the right to ... parenthood.

"Article 4. No woman shall have ... the legal right to bear a child and ... no man shall have the right to be... come a father, without a permit ... for parenthood.

"Article 6. No permit for parent... hood shall be valid for more than ... one birth.

"What do the thirteen clergymen ... think of this proposal of their ... First Prophet to station a govern... ment license commissioner in every ... household? Do they too want this ... written into the law of the land?"

SUZANNE IS AT YOUR SERVICE, MADAM

"As One Woman To Another"

In the beginning of this business of shopping women set forth at various times—each one bent on obtaining her immediate needs and trusting to luck that she would find them. Until one among them—sensing the need of her sisters, and wishing to help them by the saving of time and money—faced forth and by diligent searching found the shops where those needs were met. Suzanne's thought is the same—that you may save time and money by shopping with her.

YOU do want to look well in evening clothes and have those about you, agree, that you do, look then on the following points. A good figure is needed with invisible restraint, perfect grooming, appropriate make-up and carefully selected slippers and accessories. Select a gown made of an impressive fabric. Whatever you choose, it must look like the one fabric of which the gown could have been made. Choose a color that serves as a setting for your beauty, a frame, shall we say, for the picture. Then make people think, "That is the only dress in the room she should be wearing."

THE R. M. STUDIO . . . 1068 Dewey Avenue specializes in the repairing, re-looping, and relining of your old fur coat . . . all for $13.50. Perhaps you have a coat that could be easily made into a jacket. It can be done for only . . . $16.00. Ask about the weekly payment plan. Stone 3193-M.

NO CREAM will make you a beautiful overnight. No cream, used as infrequently as once a week, can do much to overcome the gradual parching of the tissues, a drinking that begins about twenty-five and goes on through the years. But a fine softening cream that is breathed on daily will replenish the natural oils of the skin, help wash off dead surface cells, and counteract the tendency to little creases around your eyes and mouth, across your forehead, and unattractive bracelet circles around your neck.

At MARGAY'S BEAUTY SALON . . . 377 Chili Ave., you can find the proverbial fountain of youth. The Edmond permanent alone will restore your hair to soft waves. Facials of restorative quality will cause your spirits to soar. Consult with Margay and solve your beauty needs. Gen. 2604

DARK spots or stains on enameled table tops may be removed by moistening a cloth in a laundry bleach, dipping it in a good cleansing powder, and then lightly scrubbing the spot.

GOING on a trip and especially a "train trip"? Here is a recipe for a clean face: eurolite Use as foundation cream under powder. It prevents dirt from grinding into the pores. During the day use a liquid cleanser for a quick freshen-up and always before reapplying rouge and powder. Thoroughly cream the skin last thing at night. A soft cold cream if one's skin is dry, leaving a little around the eyes while asleep, a liquefying cream if one's skin is oily, wiping it all off carefully and patting oily areas with a astringent.

ANN CULHANE DRESS SHOPPE . . . 571 Lake Ave. dresses cleared at $6.95 to $10.95. Others cleared at $8.95 to $13.95 are on sale for $8.95. A WINTER salad that will appeal to the appetite could be made of two oranges peeled, sliced cross wise and the slices cut in halves. Squeeze the juice from a third orange. Peel two apples and cut in lengthwise slices; dip into the orange juice. Peel two large bananas and cut into cubes, put into orange juice. Arrange alternately the orange slices and apple in circular fashion on crisp lettuce on salad plates. Fill the center with banana cubes. Serve with mayonnaise of salad dressing.
