Archbishop Mooney's Lenten Letter

It is clearly the mind of the Church that those who avail themselves of legitimate dispensations from the full rigor of Lenten Law should make some compensation by voluntary mortification of some kind. In the way that "sinners" themselves as most appropriate for them, by special charity to the poor, and by more than ordinary devotion to works of piety such as attendance at daily Mass and Lenten evening prayers, and more frequent Communion.

REVOLUTION FEAR DIMS IN SPAIN

By far the largest minority group in the Cortes, Gil Robles is withdrawing for a few days and leaving the government in the hands of the party of Juanes. Fernandez, former Minister of Agriculture, has been declared in a four-point program and the strictness of the control of the sugar industry has been made to be more lenient. In the Modern Mode

Outmoded bathrooms readily may be transformed into smart, sanitary units through use of the many fixtures and materials now available on the market. As illustrated above, an air of distinction and beauty is achieved by requiring old-fashioned fixtures and wall coverings with new trends. Comment From World Capitals

From London: The people of London have said farewell to their beloved hero, he will long be remembered as the self-sacrificing and unselfish leader of the forgotten and neglected peoples of the world.

PARIS

Paris, France. When I am asked for one of the most beautiful things I have seen in my life, I think of the death of the late President. A great lamp of which she was carrying a fragrant meal in the streets, which she lived, exploded in her hand. The mother who was burned to death, during the life of the heroine whom the world represented.
