THE GOLDEN RULE of Health:

- 1. Call in your family doctor as soon as possible. His diagnosis, his advice will determine exactly what you should do to retard the ailment, to regain health. 2. If he recommends and writes a prescription, have it filled immediately. Speed in many cases is just as essential to recovery as are pure, fresh drugs. 3. Have your prescription filled at your parish drug-gist, get the advantage of speed, accuracy and long experience in this most important service maintained for your health.
