POPE WINNING HEALTH BATTLE AS WORLD PRAYS

VATICAN CITY Dec. 16-The health of His Holiness Pope Pius XI is improving every day, and he may be considered to have definitely recovered.

It is still necessary that the Holy Father rest, not so much to cure present sickness, but rather to guard against dangers which might arise from a general weakness.

Others Seem Ties Herr Lutz's position is particularly interesting at this time when he has become known as Herr Himmler, head of the "Black Guards" and of the whole German police system...
