Union Drive **Gains Amaze** Washington

lewis' Success In Auto Steel, E ectrical Industries Unexpected

WASHINGTON uccess that has so far attended John L. Lewis' drive to unionize the basic industries of the country has been a surprise in Washing

touch with labor industrial relations had espected lawls to muse slow progress in the early stages of his campaign, and they were fearful that his initial moves would tend to coally and ploody industria

It is no overstatement to say that official Wa. angton was as onished by Lewis' peaceful victories in the automobile, steel and electrical indurities. The c. situlation of "Big Steel" was all the more supprising because word had previously rea nea Washington through unofficial channels that the giant steel industries intended to resis strongh any attempt to organize its . urke. s.

Lewis' Program

Lewis' next steps to bring every industrial worker in the country under organized labor's banner are now being developed by his board of strategy in Washington. His immediate fourfold program, as described by one of his associates, is

"To win a new wage and hour contract for the United Mine worklabor

"To begin intensive 'morping-un operations in steel and automobiles in an effort to enroll every works those industries in the union and to win the right to represent those workers 100 per cent in nego-

tion drives in the oil and textile industries. He called these industries 'ripe' for such drives.
"To continue 'missionary' work in

Lewis' Committee for Industrial Organization has dready been dis cussed or started; to continue givng financial and moral autport t industrial organization wherever i'begins and to explore fields where there is not much interest in organ-

educating the prospective mother hospital and dispensaries. Public high government circles these days in providing her with adequate Health Rursing Association and of need for compulsory arbitration maternity care through physician, the Tuberculosis and Health Association to compel sottlement of ladustrial disputes

FIGHT CANCER WITH KNOWLEDGE

. Under this slogan the women of America are uniting in the first national campaign to fight cancer and its allies, fear and ignorance -uniting in a mighty effort to save human life.

Cancer can be cured if discovered in time. Perhaps as many as half the 140,000 persons who die of it each year can be saved by the spread of truth and knowledge. March with us in this great Crusade!
