**What About Your Will?**

Is your last will and testament an evidence of your spiritual allegiance? When making your will you should not forget your soul nor that the goods of this earth are to be used and not abused, to be employed, among other things, for God's honor and glory and the welfare of your less fortunate brethren.

There is no better way of disposing of earthly possessions after other obligations, personal, parochial, diocesan, have been fulfilled than by making them serve the cause of the missions.

The Society of the Propagation of the Faith is the Holy See's main organization for the support of all missions.

**MISSIONARY ACTIVITIES IN MOSCOW**

They bustled around at the quarters of the General Athlete Council of Soviet Russia not so long ago something had to be done to counteract the good effects of the widely featured and amazingly well-attended Eucharistic Congress in Manila. One of their brain-trusters had an idea. A silent film will shortly emerge from Moscow (evidently so that it may be economically shown in all lands) entitled "Foreign Missioners, Enemies of Native." The star, a mission priest shown armed to the teeth, is exposed to his viliaines by none other than the modest hero (in real life named very appropriately, Wilms Smut) who also directs production. Negroes act the part of natives. Now that the USSR is becoming passively comic in its propaganda, may we hope for the beginning of the end?
