talking with a man wito is strong for the full organization American labor But he was having a biue momant. He was ondering whether labor might not do as wrong as employers Of course labor might.

But the new impostment this hold -- to are- first, that unless latter be fully organized we stead certainty go wrong; and, 'second. that the labor union most not an wrong and can do its part not enty to prevent wrome, but to create a

We shall certainly go wrong without the union We can't get unsversal living wage; and if we don't get that well be commitwill not have enough to live the

right lives they ought to live We'll mot get the income of the untry and the work of the country distributed so employment will full and steady. We'll not let the people rise out of mon-ownerwhip to ownersizip, and \$2 we don't spe that we'll mut be sale from revolution. So also LX's "Reconstructing the Social Order" save and so said also the Bishops Program of Social Recenstruction? as far back as 1979.

For the employers alone will not do all this They never have They show no signs of doing so Individual employers have and will try to do their part. But not all of them, or not even the most of them so s' compel all of them And the movernment all alone will not do it and should not and cannot

Plus XI's Encyclical holds up to us as the end of the road a united action of all the propte in every industry and profession to work for the good of all its membership and the good of the whole unity." And it says that ordinary collective bargaining "can be must be" an approach to this unity and order

does not. however, say that it will be. And that is why my friend was worried. But in such matters as this, it is impossible to say that arrything will be. esp to Latholica carticular

to take leader whip and see to it that the unionism which "can be the step towards full Justice and full peace, "must be." And for that a vast campaign of education armong Armerican Catholics is certainty essential in lay organizations, in newspapers and magavines, in pamphiets, from the pulpits and in conversation. A great deal of that has been done over a period of years. But we still a long way to go.
