To Build a School

Many of the missionary bishops of the Near East are worried about the children. Schools are needed but the Bishops can't afford to build them. Five hundred dollars is a fortune to them. This week we ask our readers to help us build one school. If one hundred persons would each send us Five Dollars, it could be done.

Send Five Dollars now and make a Catholic School possible in some region.

SISTERS OPEN NOVITIATE

St. Elizabeth Sisters Work in Egypt

We received the following letter a few days ago from the Apostolic Delegate to Egypt:

"A great deal of the success of the Franciscan Fathers working in this region is due to the activities of the Sisters of St. Elizabeth. For some years they have been located at Taurat, where they have a school and a day nursery. Without a doubt, they have won the respect of the inhabitants, who are mostly of the Separated Church. I am happy to tell you that during the last four years, sixty-five families have come into the Church. This is indeed something to be proud of.

"Recently five Sisters left the School at Taurat and have gone on to a large village called Negade. This is situated on the Nile and is between Kena and Luxor. In this village there are about nine thousand of the Separated Christians and two thousand Mohammedans and about eighty Catholic families. It is the intention of the Sisters to open a Novitiate in this village to train the young women who wish to embrace the spiritual life. It is very important because if the Sisters can have amongst their number those who belong to the region, their influence will be enormous. The name of the Community is revered and respected even by the Separated peoples and strange to say even by the Mohammedans. It is easy to imagine how this influence will increase if the native young girls are trained for the Sisterhood.

"Every new foundation of this kind must be supported. In the beginning, it is necessary to provide even the food for the Sisters. I was talking to the Superior of the Franciscan Fathers about two weeks ago, and he told me that as far as he could figure it would cost about fifty dollars a month to keep this house going. That means that we need ten dollars a month for each sister. I am hoping that perhaps some of the members of your Association will come to our assistance and keep this very important and holy work in existence. I am confident that if the Sisters are supported now that the Church will have a great future in this particular region."

It should be remembered that these Sisters are not from Egypt. They have come from their own countries and given up all the things that people love in this life. They are now about to open a house to receive the young girls of the countryside who wish to become Nuns. All we ask for them is just enough to keep them in food and provide the bare necessities of life. Ten dollars a month is very little in any country, and, yet, ten dollars will support a Sister for one month. There are five Sisters. Would you take care of one Sister for a month? Share with them the fruits of their work. The Sisters will never forget you and your intentions in their prayers and devotions.

GREGORIAN MASSES

Every week we answer a large number of requests for our pamphlet on Gregorian Masses. Everybody finds this pamphlet interesting. It tells of the old custom of offering a Mass every day for thirty days for one who is deceased. Write for a copy. It is free.

STATUE OF THE SACRED HEART

June is the month of the Sacred Heart. Many missionaries would appreciate having a large Statue of the Sacred Heart for their chapels. You can supply one for Fifteen Dollars and help spread this beautiful devotion.

YOUR DECEASED

Why not enroll a deceased relative in this Association. He will share in the thousands of Masses that are offered every year for our members.

ST. JOHN

Next Thursday, June 24th, is the Feast of St. John the Baptist. This is an important date for us because St. John was born in our territory. He is one of our patrons. We believe he is interested in our missionaries, as they work in his country.

CHAPEL TO SACRED HEART

Five Hundred Dollars will build a Chapel in the Near East. Why not give this offering in honor of the Sacred Heart and in memory of your parents?

WEEK'S SUPPORT

Five Dollars will support a missionary for more than a week. When we say support, we mean it will keep him busy about his mission. Will you sponsor a missionary for a week?

FAMILY MEMBERSHIP

You can enroll your Family in this Association. All the living, as well as the deceased, can be placed under the patronage of the missionaries. Family Membership can be taken in one of these groups. (1) Mother and Father, Sisters and Brothers, or, (2) Husband and Wife and Children. The offering for Family Membership is Five Dollars a year. The offering for Perpetual Family Membership is One Hundred Dollars.

FOR OUR MEMBERS

All our members, the living and the deceased, share in Fifteen Thousand Masses every year. The missionaries never forget their friends.

"THE SACRED HEART FOR THE WORLD AND THE WHOLE WORLD FOR THE SACRED HEART"

There are no class distinctions, where the Sacred Heart is concerned . . . no savant snobbery . . . no caste system. The divine democracy of Christ is unequalled. It seeks all manner of men and invites them to partake of the blessings that emanate from His Sacred Heart. Divine blessings that are showered upon the black man and the white man, the rich man and the poor man, the learned man and the ignorant man, each one receives his share.

But all are not conscious of these blessings. To make men love the generosity of the Sacred Heart is the task of the Church. Missionaries, who daily suffer personal hardships to bring the knowledge of these favors to all nations.

Let us pray to the Sacred Heart, especially during this month of June, that the whole world will join together in saying: May the Sacred Heart of Jesus be praised, adored and loved, with grateful affection, at every moment, in all the tabernacles of the world, even to the end of time. Amen.

Distress. The Catholic tribe of the Swanomish Indians at La Conner, Washington, face extinction, if the ravages of tuberculosis are not checked by adequate medical and hospital care. Appeal has been made for Federal relief; but we hope Catholic aid will soon arrive for these stricken people.

Native Convent. We extend a medal of merit to the Catholic natives of British Cameroons, West Africa, for their energy and zeal in building the convent of the Kumbo mission. Girl and women workers carried water daily to the brick field, delved and stamped the clay. They also ploughed and planted acres of gardens and farms, so the Sisters could begin eating the moment they arrived, for eating is an Article of Faith, without which there is no salvation in Native belief.

Caste Troubles. Although the new mission of Chandragiri is beginning to be fruitful, yet caste troubles caused by Hindus have arisen. The converted Hindus, who depend upon daily labor are refused work, so they appeal to the missionary for rations. The Bishop of Magalore hopes to remedy this condition by establishing a small farm and dividing it among the natives that they may maintain themselves.

India. Doctors say one should drink at least eight glasses of water a day. If one would be healthy, but children of Makurti and Palasdor will be lucky if they have one glass of water a day. Water is scarce in this district, because of famine and the fact that the only available well on the school grounds of the Catholic school at Thandla is almost dry. A new well is needed, but Mother Fortunat lacks the means to sink one, although a pagan contractor has offered her concessions. Unless a new well is started immediately there is grave danger that the water supply will not last until the next monsoon, which occurs in July.

THE MISSIONS—A VOCATION FOR ALL

The missions are every Catholic's business. We say this not so much to insist on an obligation as to emphasize an honor and an opportunity.

The missions are a divine enterprize in which by our baptism we are all partners, though not all have the same rank or duty. A Catholic helping the missions is not an insider lending a hand in someone else's task. He is a Christian who realizes that in the Church Militant there are no civilians. He is a member of Christ taking part in a work of Christ.

The missions are the Church acting upon souls and the action of the Church is more fruitful or less according as the prayers and penances of her members draw down greater or less graces from God. The transforming secret of Catholic life is not mere fidelity to bare duty. It is grateful appreciation and enthusiastic exercise of the powers we hold as partners of Christ, sharers of His life, members of His Body. Our co-operation is far stronger and more meritorious when we give it with an actual, fervent missionary intention.

Mass For Nazareth Alumni Set Sunday

The Memorial Mass for Nazareth Academy Alumni will be held Sunday at 8 30 a. m. at the academy. It will be followed by breakfast, a business meeting and election of officers. Reservations for the breakfast may be made with Gertrude Colins at Genesee 5975.

CAN SHROUDS HAVE POCKETS?

A bequest made to the missions becomes coin not of this world, for it purchases eternal things, sending a missioner out to pagan people, supporting him there, and saving immortal souls.

It is said that when a man dies he leaves his money behind. Like every good rule, this has its exception. What a person leaves to charity for the eternal benefit of others should never be regarded as "left behind." That much is certainly taken with the donor, into the life beyond.

Bequests to the Society for the Propagation of the Faith—or when possible Conditional Gifts—help the missions in every part of the world.

The Modern Girl's Hope Chest

THE old-fashioned girl had a hope chest and put her earnings into linen and embroideries. But the modern girl's hope chest, as Elizabeth Fraser pointed out in her suggestions for safe saving in last month's Good Housekeeping, is her Savings Account.

The Monroe County Savings Bank knows there are quite a few "hope chests" in Rochester today. We invite other Rochester girls to start theirs with us too.
