For the Russians

A special commission was established by the Holy-Father to print a new edition of the Missal for the Russian Priests. The language of this missal is the Old Slavonic. We appealed some months ago for funds for this work. We still need three hundred and fifteen dollars.

During the last five years there have been many converts among the Russian Orthodox. They are today in every country in Europe, also in China. We would appreciate any donation for this important

work. EXTRAORDINARY

OPPORTUNITY Church

fittlich of Estonia. If we look at the man of Russia in Europe and travel westward, at the northern end we find the small Republic of Estonia. Up to the present, the people of this country have belonged exclusively to the Russian Orthodox Church Today the picture is very different. Here is the letter of the Archbishop: "As you know, for a long time there has been a tendency the Orthodox Estonians to muce with the Catholic Church. In many riflages, people have expressed th desire to become Catholics. Aiready. we have twelve young men who are ready for the Seminary to study to students of the Orthodox Monastery came to me and were received into the Church. I plan to send them to

the Russian Seminary in Rome. "But what is more encouraging is that about Balf the Orthodox priests have signified their intention of becoming Catholics You cannot these priests are received into the Church. I really believe that we are on the eve of a great convert move-

ent in Estonia. "Recently, I bought a large house and farm in Esna. This house serves as a place of retreat and study for these converts. The only drawback is that we must have an extension on this house for a Chapel. At the present time, it is almost impossible o find a coom sufficiently large for carrying out of the Sacred Liturgy I spent all my resources in purchas-ding the house, and now I come to you begging for help to build this Chapel. I can put on the extension for the Chapel for three bundred

"Believe me, when I tell "ou that the harvest in Estonia is great, I look forward to seeing the great part of the Orthodox Christians in the Catholic Church in a very few years. Te must just now take care of these Orthodox priests, who have come into the Church. We must train them in the Catholic life and give them a thorough course in Theology Some of them are men of great learning and will be ready for their

We present our readers with this extraordinary opportunity. In the first place, here is a chance for mebody to build a Chapel, a place where the Holy Sacrifice will be offered and where the Blessed Sacrament can be reserved. All this can be done for Three Hundred Dollars. In the next place, those who help this work will have a part in the conversion of this country. Who knows, perhaps Almighty God is preparing Estonia to be the place from which the Church will enter Russia in years to come. Whatever you can afford, send it to us.
