PRIESTHOOD A moment's reflection will reveal how much we are indebted to the

Priesthood. Sent to us by the church, the priest comes into our midst and teaches us the truths of our holy religion. It is the priest who administers the Sacrament of Baptism which gives to the soul First Grace. It is to the priest we go when we wish to be reconciled to God Aimighty and to receive absolution from our sins. It is the priest who makes it possible for us to send us \$100 to take care of a partake of the Holy Eucharist and student for one year. This sum to be nourished by the Body and need not be sent at one time but Blood of Our Divine Lord. When in small amounts to suit your condeath approaches, it is the priest who comes to prepare us for the

lickement. There are in the world today millions of people when need the ministrations of the priest. There are millions who have still to hear the Gospel of Joses Christ. West priests sufficiently numerous in the mission lands, the church would expand enormously.

This week we ask our readers to help us hain young men to be mis-sionary priests. What is more these young men will be natives of the countries in which they work. Missionary bishops tell us that many young men have offered their services but the bishops, because of poverty, were not able to accept herra. Our renders can help them to remedy this situations. After a young man has completed his college work, he must to so the Major Seminary

A New Chapel

Five hundred dollars will build a Chapel in the Near East. A Chapel will mean that Our Eucharistic King will have a

new dwelling on earth. The people will come to attend Mass, receive the Sacraments and be instructed. You could decide the name of the Chapel. Let us hear

know this is impossible. They cannot afford to send us \$100 a year for six years. Some however, can in small amounts to suit your con-venience. If this is beyond your means, we ask you to send Ten Dollars to take care of one student

for a month.
What greater way can we have of showing our gratitude to Al. her life. Will tost help the mis-mighty God than by helping to sionaries to spread devotion to the train young men for the Sacred Mother of God? Size is honored in Priesthood? In a few years, these the Near East uncler the title of atudents will return to their own people and preach to them in their Dollars will purchase a large picown language. Those who sponsor these students will have a share in their future work.

DID YOU REPLY?

--- • ---

We wrote to many of our members a few weeks ago asking for the Sanctuary Lamp that these from whom we did not hear will answer soon. Those dollar-a-year contributions are what keep our priests going.

Seven Dollars will purchase a suitable Sanctuary Lamp in the Near East. Will you send us Soven Dollars for one? It will burn for years and years for your intentions.

OUR WORK

The Catholic Near East Welfare Association is a Pometifical Missipn-XI Our work is to support the Catholic missionaries who are labor

OUR LADY OF PERPETUAL HELP The Blessed Virgin was born in

the Near Bast and lived there all sionaries to spread devotion to the ture of Our Lady. Your gift would be placed in a mission chapel.
