

**The Goodness of Nature
and
The Skillfulness of Men**

have been combined for nearly fifty years by
WIDMER'S to produce vintages of unexcelled
purity and excellence among domestic wines.
The soil and sun and air of the beneficent Naples
Valley contribute all the natural characteristics
needed for the growing of superb wine grapes.

**ALTAR
WINES**

embodying the finest characteristics of the fine
wines made by **WIDMER'S** have long been an
established and outstanding product of these
famous cellars. Invariable high quality which
has been maintained down through the years
alone explains the official acceptance of these
wines for the Rochester Diocese.
