Public Enemy

Since the destruction of family life and the loss of national wealth is brought about more by the corruption of morals than by any other cause, it is easily seen that the virtuous habits of a people, and leads, as experience shows, to vicious habits in public and private life, is particularly opposed to the well-being of the family and of the State.

Carmelite Guild Seeks New Members In January

Members of the Carmelite Guild, carrying on a membership campaign during the month of January, ask all who desire to obtain the spiritual benefits accruing to those who join, to send the \$1 yearly dues for new membership and renewal.

Mr. George Haugs, 96 Bryan Street, Rochester, one of the most active promoters, whose telephone number is Glenwood 1764, will gladly receive the names of new members, or they may be sent directly to the Carmelite Monastery, 1531 West Avenue.

Participation in the daily prayers and good works of the Carmelite Community, particularly those of the Holy Face.

Participation in all the prayers, penance, vigils, pilgrimages, Masses, Commemorations and other good works performed by the three branches of the Carmelite order, and also in all those which, for the interest of the Carmelite Order, are performed throughout the entire church, as has been commanded by Pope Clement VII by a special Bull in favor of all who would bestow any alms upon any Carmelite Church, Convent or Religion of the Order. A favor truly

great and remarkable since it affords an easy opportunity of entering into possession of the innumerable holy works of so many souls beloved of God.

Persons deceased who during life were members of the Guild in addition to the foregoing spiritual benefits share in the weekly Masses of the Dead on Mondays in the nine annual Requiem Masses and Offices of All Souls Day and in the daily offerings of the Carmelite Order for its deceased benefactors.

Although the actual sessions of the discussion Club will not be under way until the first full week of Lent, active work is being regularly reported to the Confraternity Office.

St. Rose's Parish, Lindis also reports increased leadership for the study of "Godless Communism". Their twelve leaders are: Francis McGrath, George Matthews, Charles Courtney, Martin Collins, Rose Davidson, Mary Gorman, Mrs. Clarence Frame, Mrs. Edward Doran, Mrs. Edward Leary, Mrs. John Ryan, Mary Malone and Catherine Costello.

Rev. Philip McGinn, SS Peter and Paul's Church, has a supply of pamphlets for Elmira parishes and neighboring parishes in Auburn and vicinity. Pamphlets may be obtained from Rev. John Healy, Holy Family Parish.

These Are Not Individualism... Individualism as conceived by the Church is not private ownership. Rather it denotes this privilege in any real way to millions. It is not the system of "capitalism" if the word is used merely in the sense that one man works on another's property. The Church does not condemn this either. It is not industrialism. The machine is an instrument, capable of being used or abused according to the moral choice of man.

THAT LETS YOU CONTROL THE OPERATION OF YOUR LEONARD TO SECURE LOWEST OPERATING COST

LAST year's prize refrigerator buy was the 1936 Leonard Electric. Everybody who owns one will tell you that. It used little current. No other offered so many features. It was packed with extra values.

That is because of Leonard's unflinching policy, for 56 years, to give the public more for its money. And all that was true of the 1936 Leonard is even truer of Leonard for 1937!

Greatest 1937 improvement is the Leonard Master Dial. It's something you can't afford to miss seeing. It means better refrigeration service—at less cost.

And Leonard is still the only refrigerator to offer you the Len-A-Dor Pedal, that opens the door with a touch of your toe... and the handy service shelf inside the door... plus all the features listed in the panel below.

All these are part of Leonard's great dominating objective—to give you more for your money. Know what a truly modern refrigerator can be... all it can do for you! See the Leonard Electric, with the Master Dial.

Advertisement for FIFTY YEARS AGO, featuring a large '50' logo and text: 'FIFTY years ago, a group of Rochester businessmen were planning a venture which, a few months later (on June 12th, 1888), appeared on the city's financial horizon as the Central Bank. What heights of success they hoped the new institution would reach we do not know. We do know that they were determined that above all their bank should always, in all ways, be of the greatest possible service to its community. The changing years have brought many things... of peace and war, periods of prosperity and depression. They have seen Rochester grow, its need for banking service increase many fold. Through it all, those to whom the destinies of the old Central Bank have been entrusted have done their best to live up to its founders' ideals of service. As our fiftieth anniversary approaches, that is our pledge for the future.'
