# IN ONE EAR

By ART KELLY

For the past five years WHAM has been active in the field of radio education. Each week of the school year lessons are presented in science, music appreciation, books, current events and art appreciation during broadcasts of the Rochester School of the Air

Pioneering again in radio education, WHAM presented on March 16 the initial broadcast of the "Translake Study Group." This series of eight international educational programs is aired each Wednesday at 3.30 P. M with WHAM and CBL alternating broadcasts. Students of Rochester's John Marshall High and Toronto's Northern Vocational High present the programs which are in the form of roundtable discussions on current topics of the day.

Believed to be the first attempt of its kind, "Translake Study Group" is sponsored by Rochester and Toronto Boards of Education. Topics discussed are mutually decided upon and consist of problems facing citizens of both countries.

During the eight week series students will consider Democracy, History and Problems of Unemployment, Crime Prevention and Public Utilities.

According to an announcement released recently by William Fay, General Manager of WHAM, the station's baseball broadcasts will be handled again this year by the popular "southern gentleman of baseball" - Harry McTigue.

At present McTigue is in Tarpon Springs, Fla., making transcriptions of interviews with members of the Rochester Red Wings and other notables of the baseball world. These disks are rushed north by airmail and used on the station's sportcast Monday, Wednesday and Friday evening at 6:35 and Sunday evenings at 6:25

With Harry again this year is George Driscoll, WHAM's Transcription Engineer, who travels in a mobile recording unit. In the mobile unit are carried amplifiers, microphones, a recording installation, monitoring equipment and storage facilities for the recording disks

At the conclusion of spring training, McTigue will return to Rochester where he will remain until the baseball season starts

Play-by-play baseball reports will again be sponsored over WHAM by Wheaties

If you heard the early morning address of Adolf Hitler on March 15 you may have wondered how the "program" finally arrived in the United States

Hitler's address was carried from Vienna to Berlin by a single land line (high quality telephone circuit) Berlin released the speech by way of one of its super short wave stations NBC picked up the program at Riverhead, Long Island, from which point it went by land line once again, this time to Radio City

If you would believe Horace Heidt, Eddy Duchin, Ruby Newman, Lou Breese Blue Barron or any number of other orchestra leaders the swing away from swing has begun

By swing these leading band men mean impromptu improvisation. This means playing purely by instinct, according to the promptings of the moment, to the wild off-beat rhythms of overdone syncopation. They think there always will be a few outstanding "hot" dance bands. Most of the "name" bands never did play what is known as swing. Some not only resisted swing, but campaigned against it Lou Breese is one. He emphasizes that his music is strictly for dancing. Nightly the NBC announcer introduces Lou to his audience: "Happy dancing the correct tempos of Lou Breese and his orchestra -music in the dancing mood."

Every stamp collector dreams of finding a philatelic paradise Believe it or not, there is such a place. NBC's International Division receives hundreds of letters from far-distant lands. During the last six months of 1937, a total of 2,697 letters from seventy-five different countries and possessions were received in response to the International Division's broadcasts over short-wave station W3XAL.

On the air from 9:00 A. M. daily, W3XAL broadcasts an hour and a half of programs for German-speaking listeners; two hours for the French, and one for the Italian. From 5:00 P M. to 1:00 A. M., programs in English, Spanish and Portuguese are broadcast, with one hour in Spanish especially for the Argentine and one hour in Portuguese especially for Brazil.

Frank Silva, WHAM's Sportscaster has more titles than you can shake a stick at. Most recent of his commendable collection are appointments to the National Advisory Committee on Radio for the World Fair of '39 by Grover Whalen and an appointment as Commissioner of Semi-Pro Baseball for New England and Mid Atlantic States.

Elmer Grabb of WHAM's control room carries radio right into his home. His hobby is amateur radio—even his dog's name is WHAM.

Everybody in the world has a cross of some kind to bear. It may be one thing unseen in the silence of the heart's profoundest depths, or it may be one that is painfully visible to all.

# Rites Mark Patronal Feast

## St. Joseph's Day Noted with Bishop Pontificating at Motherhouse

The Feast of St. Joseph, Patronal Feast of the Congregation of the Sisters of St. Joseph, was solemnly celebrated in the Motherhouse Chapel in Pittsford on Saturday morning. The Most Rev. Bishop James E Kearney, D.D., celebrated Pontifical High Mass.

Assisting the Bishop were: Assisting Priest, Rt Rev Msgr. William M. Hart, V G. Deacons of Honor, Rt. Rev. Msgr. William F Bergan, Chancellor, Rt. Rev. George V. Burns, Deacon of the Mass, Rev John H O'Brien; Sub-deacon, Rev Leo C Mooney; Master of Ceremonies, Rev. Lawrance B Casey, Vice-Chancellor, Assistant Master, Rev Edward M. Lyons

Acolytes, Rev. Earl C Ritz, Rev Edward H. Hartmann, Thurifer, Rev Patrick Flynn, Book Bearer Rev. Hubert Bisky; Candle Bearer Rev Arthur Ratigan, Crozier Bearer, Rev John Wheaton, Mitre Bearer, Rev. William O'Brien

Also present in the Sanctuary were the Most Rev. Archbishop Thomas F Hickey, Rev Benedict Ehmann, Rev Gerald McMinn, O F. M, and Rev C. Harrison, C S B

The entire Mass with the exception of the Supplementary Offertory, sung a capella by the congregation, was rendered in the beautiful Gregorian Chant of the Church. The proper parts of the Mass for the Feast of St Joseph were sung by the Schola Cantorum of 75 voices which also sang alternately with the entire congregation of Sisters on the ordinary parts of the Mass

The abandon, assurance and confidence with which the singers changed even such difficult passages as the Tract, "Batus Vir," was particularly noticeable. The rhythm was entirely free from pressure and while the beauty and simplicity of the chant was tempered with restraint and a certain severity, fluidity and spontaneity of the more elaborate and florid passages were a welcome contrast

At the close of the Mass Bishop Kearney delivered an inspiring address to the Sisters In conclusion he said

"Therefore today, my dear Sisters, as we turn out to our Nazareth Community, coming from various fields of work with the influence of the world around us, return to that world and its natural things, but let us, before we leave the Chapel, dedicate ourselves anew to that intimacy with Him that solitary motive of the love of God and the saving of souls for Him, that was uppermost in our heart the day that the habit of the Community was placed upon us

"Let us go out from this Nazareth of our Community with the same spirit of enthusiasm and devotion and then St. Joseph, looking down upon this scene this morning and being as he is the protector of the Universal Church will have reason to feel encouraged with the hope of accomplishment for souls that will take place in our diocese during the years to come That he may intercede with our Lord to gain for each of you that blessing is my wish and prayer this morning."

awarded to each of the following schools which had an average of one subscription per pupil in this year's Crusade:

St Agnes Institute, Rochester Sacred Heart Academy, Rochester St Aloysius Auburn St. Mary's Auburn St John the Evangelist Rochester SS Peter and Paul's Rochester, and Holy Family Rochester

Much satisfaction is being expressed at Crusade headquarters over this year's Crusade. While all could not win honors it is felt that intensive effort was put into the campaign for the diocesan newspaper by all who participated

The CATHOLIC COURIER management expresses sincere gratitude to all in the Crusade and especially commends those schools and individual students who covered themselves with glory in the 1938 Crusade for a greater diocesan newspaper here

# BEATIFICATION RITES HELD

VATICAN CITY (NC) The first discussion of miracles proposed in the cause for the beatification of Mother Francis Xavier Cabrini, Foundress and first Superior General of the Missionary Sisters of the Sacred Heart of Jesus, who died in Chicago, Ill., in 1917, took place today.

Both miracles considered today were reported from Chicago. One was the instantaneous cure of a youth named Peter Smith of blindness and the other was the cure of Sister Delfina, a member of Mother Cabrini's Institute, who for four years suffered a very grave illness which four operations and all other natural remedies had failed to heal.

# CORPORATE STATE ANSWER FOR U. S., SAYS FR. COUGHLIN

DETROIT, (NC) Returning to his idea of a "Corporate State wherein every classification of citizens would find adequate representation in the House of Representatives" "eight proposals to perfect democracy" which he put forward the week before the Rev. Charles E Coughlin, pastor of the Shrine of the Little Flower at Royal Oak, said in his radio broadcast Sunday that he is aware "many years will have elapsed before these ideals can be reduced to practice"

"I was aware, however" he added, "that a beginning must be made, that it will require years for the various classes of citizens to unionize and incorporate themselves legally as a voting body that a long bitter struggle will eventuate to remove party politicians from office and, with their removal, to eliminate from our mutual body the inefficiency and the resulting chaos traceable to the unsound division of our population into Democrats or Republicans, Socialists or Communists who strenuously oppose each other at the polls and on the floor of Congress

"This unsound system of electing representatives leaves almost one-half of our population unrepresented, whereas, under the Corporate State no citizen is left without representation provided he is unionized in some group which is incorporated"

"I realize," Father Coughlin said, "that I am handicapped by the apparent novelty of this doctrine and by the mass ignorance of the exploited people."

"Meanwhile, be of good heart," he continued, "If ten more years of suffering, of delusion, of depression, of taxation and of economic superstition must be endured before you will recognize the tremendous power that is yours, the struggle is worth it and so is the reward Your immediate objective is the organization or unionization according to the class in which you find yourself. Your immediate hope is a revival of Christianity both in its individual and social philosophy which teaches you that you are members of the Mystical Body of Christ designed to cooperate with each other; that you are sons of God, heirs not only to the kingdom of heaven but heirs to this earth fashioned by the hand of your Father for your use"

# 'CHAIN PRAYERS' HIT BY BISHOP

SPOKANE (NC) Taking note of the practice of circulating "chain prayers," the Most Rev Charles D White Bishop of Spokane, has warned his people to ignore them as well as other forms of superstition"

"It has come to my attention" Bishop White says in a letter addressed to the faithful of his See, that chain letters promising favors through certain prayers with dire warnings not to break the chain, are in circulation. All properly instructed Catholics know that this is base superstition, and will utterly ignore all such letters as well as other forms of superstition."

## Heads New Diocese

dumps, barracks and other military stations which the Leftists have established in innocent-appearing structures in that city.

The statement asserts that the Leftists have concentrated large deposits of war supplies at the University of Barcelona. By the San Pablo and San Antonio Rondas, the statement adds, there are the following important military objectives. A bomb factory at the Grau Foundation, a cartridge factory at Number 32 Villarroel Street, and another munitions factory nearby. Moreover, the statement continues, there is a storage of bombs at the Escolapian school, and a war materials factory at the Mateu workshop in Los Angeles Street.

In the section bounded by Catalunia, Los Angeles Avenue and University Ronda, the statement adds, are the following legitimate military objectives: power plants, the armory of "Buen Suceso," the armory of the "Popular Army," the telephone building in which anti-aircraft batteries have been installed, and stores equipped with anti-aircraft batteries In this section also are the headquarters of the Communist Party

In the sector of Urquinaona Square and San Pedro Ronda, it is added, are schools which have been confiscated and turned into Leftist headquarters and munitions works. East of this zone, the statement continues are the Civilian Guard Armory in Austas March Street, several blocks of houses where anti-aircraft batteries have been installed and the Northern Railway Station.

# ST. ANTHONY'S TO DEDICATE NEW ALTAR

Parishioners of St. Anthony of Padua Church will join in the dedication of a new marble altar to St. Anthony on Sunday, March 27. The altar, being erected this week, is of heavy marble from Carrara, Italy, white in color. The columns are terra cotta in color and made from Porta Santa marble, which is quite rare and very beautiful.

On the front of the altar, there has been hand carved the "Book with the Responsory of St Anthony and the Lily." All the carving has been ably done by skilled artists under the direction of Antonio Leonori of Pisa, Italy. The altar, from the point of beauty, is felt to be beyond comparison with any others in this locality.

The perfect complement to the altar is the new Carrara marble statue of St Anthony, weighing over 700 pounds and carved from one block of marble. This new statue of St Anthony is to be placed above the altar, forming one work of art. The statue is faintly traced over with the lightest sepia, to outline the Franciscan Habit. The features are perfectly carved and seem almost lifelike in character.

The chapel wherein the altar and statue are being placed has recently been redecorated, forming a perfect setting.

In conjunction with the erection of this new shrine, there will be shown in the church hall a sound film of "The Life and Miracles of St. Anthony." This film will be shown the afternoons and evenings of Sunday and Monday, March 27 and 28.

## Franco Troops Claim Aliens Only Barrier

BURGOS, (NC)—In rebuttal to the "systematic fabrications" of the Spanish Leftists who denounce the "great numbers" of foreign troops fighting on the side of the Nationalists, the Nationalist authorities here have issued a statement declaring that the only resistance their troops are now meeting comes from international brigades on the Leftists side.

Spanish Leftist troops, the statement says, are completely demoralized and have no wish to continue the fight, which they know is certain to end in their defeat. Without the intervention of the International brigades on the side of the Leftists the war would be over by now, it is asserted. Caspe, captured on Thursday by the Nationalists, was defended by five international brigades—Numbers Eleven Twelve, Fourteen, Fifteen and Sixteen the statement adds.

**Army Chaplains To Meet**

Washington—The thirteenth annual convention of the Chaplains' Association of the United States Army will be held here May 17 to 19. The attendance is expected to be the largest ever, the Chief of Chaplains, Father William R. Arnold, stated.

# Auburnians Greet Bishop At St. Mary's Church Rites

St. Hyacinth's, Rev. Jerome Holobowiks, pastor, and Fathers Anthony and Vincent; St. Francis d'Assisi, Rev. Bernard Hannan and Rev. Leo Jones; St. Peter and Paul's, Rev. Stephen J. Pobilaky, Rev. Adolphe L. Gebanz, pastor of St. Francis, is in Europe. All of the priests were guests at dinner in Lyceum Hall after the ceremonies.

Previous to the Mass members of St. Mary's Holy Name Society formed a guard of honor for the procession from the rectory to the church. The guard was under the direction of Marshal Louis Youtt.

From the time that Bishop Kearney arrived here late Saturday afternoon until his leaving by auto for Rochester Sunday afternoon, the prelate had a busy time. Following supper Saturday evening at St. Mary's, Bishop Kearney motored to Mercy Hospital and called on the staff and visited the sick. He was surprised at the magnitude of the hospital and the beautiful surroundings and expressed satisfaction with the thoroughness of equipment.

Visits K. of C. Home

From the hospital he went to the Genesee Street home of Auburn Council, Knights of Columbus, and was privately shown the members. He was enthused about the home, saying it was well adapted for its purpose, and he praised its fine location.

Bishop Kearney was also much impressed with the city itself, and through Doctor Cavell conveyed his best wishes to all.

# The Carrier of Today The Man of Tomorrow

TURN your bankers, your lawyers and your successful business men inside out and somewhere along the line the majority have had their first business experience as newspaper carriers. Somehow or other it has become the symbol of the regular American boy.

Your own carrier of today will probably be among the best of your community as a man. He will be, if you treat him right—and the best way to treat him right is to pay your carrier bills promptly every week. Then watch the service he will give you in return. That boy can be molded into the type of man we want our own sons to be. Help him along.

Catholic Courier

No. 1 of a series of advertisements published in the interests of our more than 100 carriers. Later in the series mention will be made of how the boys have been selected, their status in the parishes which they serve, the qualifications which they must have for their work, and the means taken to employ to encourage them to render better service to our readers.
