AUSTRIAN BISHOPS CALL ON FAITHFUL

To Vote In Favor Of German Reich

VIENNA (NC Cable) In a joint statement the Austrian Hierarchy has formally approved of the anschluss of the former Austrian Republic with the German Reich and urged the Faithful to vote Yes in the forthcoming national plebiscite which is to legalize this reunion definitely and to abolish the traditionally Catholic State of Austria

The statement signed by His Eminence Theodor Cardinal Innitzer Archbishop of Vienna, and all Austrian Bishops, had previously been sent to Joseph Buerckel Chancellor Hitler's deputy in charge of the plebiscite, with a covering letter dated March 18 saying "the Hierarchy has done its national duty spontaneously and not under pressure and adding this statement will conduce to friendly cooperation" The letter concluded with "Heil Hitler"

Read In All Pulpits

Nazi authorities having approved of the text of the statement, it was read in all Austrian pulpits Sunday The statement itself carried the date of March 18 showing that it was adopted unanimously by the 250 members of the Austrian Hierarchy exactly one week after the resignation of the Schuschnigg Government, the policies of which always were guided by Catholic principles and enjoyed the strong moral support of the Holy See Former Austrian President Wilhelm Miklas was attending Mass at St Rochus' Church here Sunday with his wife when the statement was read He partook of Holy Communion

The declaration itself follows

"We the undersigned Bishops for the Austrian dioceses of free will do solemnly declare at this historical moment for German Austria

We joyfully recognize that the National Socialist movement has produced preeminent accomplishments toward the national and economic reconstruction as well as the social welfare of the German Reich and people, particularly for the poorer classes

We are also convinced that the Nationalist Socialist movement will avert the danger of a Catholic and destructive communism The Bishops bless this activity for the future and admonish the faithful to do the same

On Plebiscite Day April 10 it will be a self evident and national duty for us Bishops to profess ourselves as Germans and for the German Reich We expect all faithful Christians to take cognizance of what they owe their people

His Excellency the Most Rev Cesare Orsenigo Apostolic Nuncio to Berlin visited Baron Joachim Von Ribbentropp German Foreign Minister last Friday to discuss the possibility [illegible] of certain articles of the Concordat with the Holy See Also at the same time Durchbruch a widely circulated German pagan weekly known for its outspoken hostility to all things Christian particularly the Catholic Church was suppressed by order of Dr Joseph Goebbels German Minister of Popular Enlightenment

The latter's move had direct reference to church struggles in his recent speech on the plebiscite which confirmed the impression that in Berlin authorities are now watering to the goodwill of Catholic and Protestant circles and are trying to avoid every thing detrimental to a favorable result in this popular ballot of Greater Germany

Whether German religious policies will actually be revised after the plebiscite remains to be seen The Austrian Hierarchy expressing [illegible] expectations some hopes in this direction and may have good reasons for but previous said experiences seem to justify the fear of those German Catholics who have been disappointed so many times by promises not kept by the Nazi regime

As a matter of fact Field Marshal Goering last [illegible] public address here when he said That Church has should not interfere in questions which are none of their business a motive ourgoing and showed the basic Nazi philosophy regarding religion is essentially unchanged

WORLD TRIBUNAL URGED AT VATICAN

For Humanitarian, Moral Problems

WASHINGTON (NC) Establishment by the nations of the world of a tribunal at the Vatican to which they could refer all international problems of a moral and humanitarian nature, as a means of promoting international accord was suggested by the Most Rev Martin S. Gillet, O.P., Master General of the Dominicans, who was a visitor here over the week-end

Having completed a canonical visitation of his Order's missions in the Philippine Islands, China, Indo-China and Japan, Father Gillet is returning to Rome by way of the United States. He already has visited San Francisco, Los Angeles and New Orleans. He is going from Washington to New York, whence he will sail March 30 for Europe.

Avoids Political Aspects

Interviewed here Saturday evening, Father Gillet made it plain that he did not discuss the political aspects of any question. He also emphasized the fact that he spoke as an individual, and not as Master General of the Order of Preachers He said that nations must be prepared to make sacrifices for the good of humanity if there is to be any real hope of peace.

He believes in the League of Nations, he said, but asserted that as long as each nation insists on discussing a given problem from its own particular point of interest the hope for real world peace is lessened Consideration must be given to an interest higher than the economic or political interest of any one nation the interest of humanity and this interest must be reinforced by religious sentiment, Father Gillet declared

In suggesting the establishment of a tribunal at the Vatican, Father Gillet pointed out that many of the nations represented at Geneva also have representatives at the Vatican The nations could continue to take to Geneva those questions of an economic or political nature and could take to the Vatican tribunal those problems of a purely moral nature he said

The very fact that the nations have diplomatic representatives at the Vatican indicates that they have confidence in the Holy Father Father Gillet declared

Asked if the United States exercises a potent influence for world peace, Father Gillet said that when one is in Europe one feels that the policies of the United States are closely watched, and that when President Roosevelt speaks the world listens

Father Gillet said it is known definitely that more than 100 Dominican priests and seminarians have been slain in Leftist Spain

A member of the French Legion of Honor the author of 20 books doctor of seven universities outside of France Father Gillet has given lectures in all the principal capitals of the world except that of China

ADVOCATES VATICAN PEACE FORUM

Urging the establishment of an international tribunal at the Vatican to discuss world problems from the moral and humanitarian viewpoint, the Most Rev Martin S. Gillet, O. P., of Rome, Master General of the Dominican Order, visiting in Washington en route to Europe, was photographed at the Dominican House of Studies, Catholic University of America. BISHOP AT CORNING BLESSES NEW ORGAN

Urges Knights To Preserve Nation

(Special to Catholic Courier)

CORNING—A throng overflowing St. Patrick's Church, Sunday, witnessed the climax of events marking the first public appearance here of the Most Rev. James E. Kearney, D.D., Bishop of Rochester. The Bishop blessed and dedicated the church's new organ and officiated at Solemn Benediction at the Most Blessed Sacrament.

Previous to the Church ceremonies, the Bishop was guest of honor of Corning Council, Knights of Columbus at a banquet in Baron Steuben Hotel, which also noted the Council's observance of Founders' Week.

"When Christopher Columbus discovered America, a young Franciscan monk leaped from the boat and buried a cross on the shore, claiming it as God's country and now it is up to the Knights of Columbus to keep it God's country," This was the charge left with more than 100 Knights assembled at the banquet.

Catholics and non-Catholics were in the crowd at St. Patrick's Church for the religious rites and were unanimous in their praise of the new organ.

The organ's first use immediately following the blessing was in the sacred music for Benediction of the Blessed Sacrament.

At the close of the service an hour's recital, by Joseph E. Tallmadge, noted organist from Auburn, revealed the wides sept of sensitive, mellow and majestic tones of which the newly installed instrument is capable.

St. Patrick's Cadets, led by Francis Hoffman, marched at the head of the procession of priests and fourth degree Knights of Columbus who escorted the Bishop from the rectory to the Church. The Bishop, priests and guest organist entered the Church through an aisle formed by the Cadets, who then fell in line preceding the Knights.

Among the priests in the procession were: the Rev. Lawrence Casey of Rochester, secretary to the Bishop; the Rev. Michael B. Groden, pastor of St. Vincent de Paul's Church, Corning; former assistant pastor at St. Patrick's Church; the Rev. John Ball of Lima; the Rev. John Bohnwetsch of Rochester; the Rev. Henry Meier, assistant pastor of St. Vincent de Paul's Church; the Rev. Lawrence W. Gannon, assistant pastor of St. Mary's Church, Corning; the Rev. John Newcomb of Hornell and Frank Newcomb of Auburn, brothers of the Rev. Bernard Newcomb, assistant pastor of St. Patrick's Church.

Appreciation of the Bishop's visit and thanks to Mr. Tallmadge, who donated his services for the recital, were expressed by the Rev. E. A. Rawlinson, pastor of St. Patrick's Church, as he welcomed the parishioners and visitors.

Mrs. Newton K. Lincoln, organist of the Church, was at the console of the organ when Bishop Kearney proceeded to the back of the church and upstairs, and she continued to play during the brief ceremony of blessing.

Returning to the sanctuary, the hand of the Diocese of Rochester gave a short sermon on the organ. He referred to its sound as intimately wrapped up in the ritual of the Church. The Catholic Church, he said, has been traditionally the champion of the arts.

Bishop Kearney officiated at the Benediction, with the Rev. Bernard Newcomb assisting. Deacons of honor were the Rev. John Newcomb of Hornell and the Rev. Michael B Groden of Corning.

"Panis Angelicus" was sung by the Junior Choir and "Tantum Ergo" by the Senior Choir, with Mrs Lincoln at the organ. Her playing during the service also brought out its beautiful tone. The hymn, "Holy God We Praise Thy Name," was sung by the congregation.

Mr. Tallmadge's expertly rendered program was as follows: Toccato and Fugue in D Minor, J S. Bach; Soeur Monique, Couperin; Aria, Handel; Le Cygne, St. Saens; Sonata V, Allegro Apassionata, Adagio and Scherzo, by Guilmant; Serenade, Schubert; Capriccio, Lemaigre; Nocturne, Chopin; Bells of St. Anne de Beaupre; Symphonie V, Allegro, Andante Cantabile and Toccata, by Widor.

GOVERNOR VETOES McNABOE MEASURE

Barring Radicals From Public Office

Thousands of appeals to Governor Lehman to approve the McNaboe bill, which would bar self-confessed Communists and others found guilty of treason from public office, the civil service and school positions in the state failed in their purpose when the Governor on Tuesday disapproved the bill.

The bill was passed last week by the Senate by a 31 to 2 vote and by the Assembly by 110 to 31.

Favor "Red" Check

Forces against Communism were rallied earlier in the week by leaders of patriotic and Catholic organizations to push the Governor's approval of the measure. Their fear for the measure was based on the belief that any who are avowedly out to overthrow the existing government by force should not hold public positions.

The Governor in a memorandum Tuesday night stated that "although I am unreservedly opposed to the principles of Communism and am voicing this veto in the interests of safeguarding American democracy."

He further declared that the measure would "actually threaten the freedom of the press and freedom of assembly."

Quick to praise the Governor's action was Dorothy Kenyon, New York municipal judge and long known as an opponent of Communism in the public American democratic movement.

"Led by state leaders of the American Legion and Catholic organizations, a statewide movement was launched to put citizens of the state on record in favor of the measure," Miss Kenyon declared.

State Commander Hamilton Fish Cross of the American Legion here, Monday urged Governor Lehman to "defy Communists" by signing the bill.

Catholic organizations, including the Knights of Columbus, also urged the Governor to sign the measure.

Opponents of the measure, including Communists and Communist sympathizers, declared that the bill would "destroy free speech" and "outlaw many liberal organizations."

The measure which the Governor vetoed was urged by supporters as a means of preventing Communists from holding public office.

DeSmet Medal Goes To Mother Drexel

SPOKANE Mother Katharine Drexel of Philadelphia foundress of the Sisters of the Blessed Sacrament, will receive the 1938 De Smet medal, the Very Rev Leo F. Robinson, S.J., president of Gonzaga University, announced today. She is the first woman to receive the honor.

The award, presented annually, was instituted in 1930, on Founders' Day as a memorial to Father Peter De Smet, S.J., pioneer Indian missionary.

Mother Drexel established the Blessed Sacrament Sisterhood in 1889, a few years after the death of her father, Francis A. Drexel, who willed $1,500,000 to charity, to be administered by his children.

The pitiable condition of Indians and Negroes in the United States moved Miss Drexel to devote her large inheritance and her life to the service of both races. Next year, the religious community founded by her will celebrate its Golden Jubilee anniversary.

Indian missions in Alaska, Oregon, Washington, Idaho and Montana have been started by Mother Drexel for many years.

Foes of Parochial School Aid Organize

WASHINGTON (NC) Organized opposition to State legislation providing for school busses and free bus service to private schools as well as public school pupils is indicated as a major aim of the Friends of the Public Schools, an organization which has opened headquarters in Chicago.

Writing in a quarterly called Liberty and published here Mrs. Greta S Deffenbaugh Secretary of the Friends of Public Schools says "Opposing the use of public funds for private schools either sectarian or by the new group, aims also to see that public school policy is shaped by persons who believe in and understand the public schools" She asserts that this new organization, a product of seven years of preparatory work is in the process of putting out branch organizations in the States

"As things now stand," Mrs Deffenbaugh says "legislation favoring private schools and sectarian groups is sometimes put through the State legislatures and city municipalities with but little organized opposition Some of the States recently diverted public education funds for free textbooks and free bus service to private and parochial schools No sectarian influence of that kind should be allowed to exert itself in our public school system Any sectarian influence to obtain funds or to propagate religious teaching at public expense, should be opposed"
