8:00 P. \.—Good News of 1938

It's a tough assignment to sit down and write out a column after being away on a week vacation but nevertheless "deadlime" time is rapidly approaching so it's now or never.

One of the first things called to my attention upon arriving back on the job was the fact that a complete blow-by-blow description of the world's heavyweight championship fight be-tween Champion Joe Louis and Max Schmeling, challenging German champion and one-time world's title-holder, would be broadcast exclusively over combined NBC-Red and Blue networks on June 22.

The fight broadcast will be in the hands of Clem McCarthy who will be working from ringside at Yankee Stadium over one of the most extensive radio net works ever arranged for a major sporting event.

One of the biggest stories to break around WHAM in past years was the recent announce forth Rochester would have both an NBC-Red and NBC-Blue network outlet through WHAM

Not only does Rochester's 50 . 000 watter now have NBC-Blue coverage but also many of the outstanding programs featured on the NBC-Red not To date the new programs on WHAM's daily schedule include Charlie McCarthy Sundays at seven, The General Mills Hour-Mon-day through Friday at 1:00 P. M. One Man's Family Wednes-days at seven, Good News of 1938 Thursdays at 8:00 P M, and The Kraft Music Hall Thursdays at 9:00 P M.

We are indeed happy to say "Listen to Rochester's Red and Blue network station . WHAM

Peti and Joe, the rise and shine boys of WHAM, believe the average person is honest A few days ago the boys received a penny postcard carrying with a quarter fastened in with adhesive tape The money in payment for a songbook, had traveled far and arrived safe and sound at the WHAM studios

Tom Grierson, WHAM staff organist, has a new interest in life He has turned from the city excitement to the quiet and peace of an "over the-city-limits" farm.

If you were seeking advice on how to make good in the radio world, who would you ask " Since I don't pretend to be an authority let's ask some of the big-time stars that are featured on the country's major networks Anne ra's Radio Station E Z-R-A, advises any person who wants to become an actor to begin studyhuman nature at the carliest possible age "By cracgey, I've been studying human nature since I was a kid." Pat says, ared if I hadn't done that I'd never been able to create the role of Uncle Ezra in the first nlace " Fibber McGee, the aliterative, acrid, argumentative accomplished prevaricator of Fibber McGee ad Molly, says "If you take me for an example about all you have to study is how to be the world's champion I guess if you add the whole thing up you decide that one needs a fair amount of talent, good poise and plenty of breaks to reach the top of the entertainment world

When radio folk stop to listen to a radio program it must have something. Hearing programs from one end of the day to the other, puts the professional radio man in a good position to judge the good from the bad It is rather interesting to see WHAMites stop and listen to Vic and Sade The same quality that makes Vic and Sade popular with the radio family also makes them appealing to the average listener. In two wordsthey're natural. Their secret lies in the fact that they broadcast from a studio that looks like the

living room of a regular home There, amid typical home surroundings, the Gooks quickly fall into that friendly easy-tolisten to mood. The walls of studio F are papered in gay floral design; there's a fireplace grand plano, two comfortable sofas, four massive armchairs and several warm shaded lamps to

With vacation time rapidly approaching, news begins to illin about the new summer "take-over" programs. For instance-"Hobby Lobby." voted by the nation's radio editors to be "the outstanding idea show of 1937." will return to the air to take Jack Benny's Sunday night spot for the summer, beginning July 3 at 600 p. m. over the NBC-Red network
