Any Instrument Player Can Join This 'Club'

By GRETCHEN BAIRD

Would you like to join the "Make My Own Music" club? There are no dues to pay, no officers to elect, and no meetings to attend. In fact, many of the people who belong to the club probably don't even know that they are members.

But all over the world there are people who make music for fun. Some of them are good enough to earn their livings as professional musicians. A few become famous. Most of them, however, have a hard time reading and playing very simple pieces.

The only requirement for membership in this "club" is the fact that you get pleasure from making your own music. The number of people who play instruments themselves, instead of merely listening to the radio, is growing by leaps and bounds. The piano business is booming, after years of dullness and people are buying and playing everything from organ to accordions, from oboes to ocarinas. The "Make My Own Music" club is gaining members fast.

A Bond of Friendship

Once you join the group you'll be a life member. No matter what you do or where you go, you'll find other "playing for fun" fans and this is a friendship bond which grows stronger the more you use it. So if you ever took music lessons, or thought you'd like to, you'd better join up!

Anyone who is studying, or who has studied, any instrument—be it piano, violin, saxaphone or anything else is eligible for informal membership in this "Make My Own Music" club. All you must do is first perform the necessary amount of practicing to prepare your music lesson (in case you are taking lessons from a teacher), and then start playing for fun.

Turn to last month's work last year's will be even better. And play that music from start to finish, without hesitating to find all the notes. Try to make it sound pleasant to your own ears. At this stage of the game your family will just have to be tolerant. You'll make plenty of mistakes, but you dare not stop to correct them when you are learning to ride the musical hobby horse.

You Must Keep Going

What you are trying to do, actually, is to learn to read notes. And the very first rule in sight reading is never to lose your place or lose the beat. You must keep going, no matter how many notes fall under the table!

The more thoroughly you practice your regular lessons, the faster you'll get there. But if you never start playing on your own, as we have been describing, you'll be forever an outsider.

And now we come to the part that is even more fun. This is duet playing, and accompanying another instrument. If mother or dad or anyone else in the family plays that's the best of all. You'll have your partner near at hand and can plan your music-making sessions easily. Otherwise, find someone in the neighborhood.

Playing With Another

Then get some simple music for the two instruments, or some piano music arranged for four hands, if you both play the piano. Your teacher can give you some good suggestions. Many public libraries have a large collection of all sorts of arrangements, which you may borrow just as you do books to read.

Then go to it! And don't mind any nasty remarks from people around you. You're not playing for a audience. You're playing for fun. Listening to the best orchestra at a concert or on the radio can never mean quite as much to you as playing the music yourself. If you manage to play only a phrase here and there as you think it should be played, it will be a bigger thrill than you can get from just listening. Try it and see!

Sometimes a hobby of this kind will lead you into a life work. There may be within you enough talent to make you a professional musician. But if there isn't, this kind of hobby will lay the foundation of a vital interest that will last all your days.

You'll be a full-fledged member of the "Make My Own Music" club. And you'll never regret it.

ACTIVITIES

St. Michael's Defeats League Leaders, 1-0

Furnishing one of the greatest surprises of the current season, St. Michael's upset St. Andrew's in the outstanding game of the day's schedule of the C.Y.O. Senior Softball League, last Sunday.

For most of the game it looked as though it might be scoreless but, in the sixth inning, Schuler, after getting a walk, scored on Benvenutti's single to center field.

Other games of the day saw a 2 to 1 victory for Mt. Carmel over St. Anthony's, an Immaculate Conception win over Holy Rosary with a score of 8 to 4 and a shutout for St. Margaret Mary's who turned in a score of 8-0 over St. Boniface.

The young St. Michael team, under the direction of Frank Meyer, has been coming along at a fast clip by their recent wins over St. Carmel and Sunday's triumph over St. Andrew's. Witzigman allowed only one hit, but it meant the game. Schuler allowed two infield hits.

Mt. Carmel, behind the three-hit pitching of Frank Cardimono, edged out the fighting St. Anthony club in a well played game. Cardimone struck out seven men and drove in the winning run in the second inning to win the tilt. Marchese collected two hits for Mt. Carmel.

Although Holy Rosary got seven hits off the delivery of Joe Bauerschmidt, compared to the winner's four, they weren't enough to outscore the Immaculate boys. Bauerschmidt won his own ball game with a long home run with two men on base to feature for the winners. Jost got two hits for the losers.

Joe Ganconie allowed three hits as his team mates collected 10 off the delivery of Kano for St. Margaret Mary's shutout over St. Boniface. Bill Mildenberger hit a home run in the seventh inning with two men on the sacks. Scores:

St. Michael's	000010—1 1 1
St. Andrew's	000000—0 2 1

Boys' Tryout Set by Red Wings

Ambitious young ball players, hopeful of making good professionally, will soon be given an opportunity to discover whether or not they have a future in the game, according to announcement made yesterday by Oliver B. French, president of the Rochester Red Wings club of the International League.

The Rochester club, a subsidiary of the St. Louis Cardinals, will offer boys this opportunity in a tryout camp conducted here at Red Wing Stadium starting Monday, August 1 and lasting approximately one week, French stated.

C. S. "Pop" Kelchner, veteran Cardinal organization scout—the man who discovered Joe Medwick and LeRoy A. Dissinger, Rochester scout, will be on hand to assist President French in passing judgment on the players.

All boys between the ages of 16 and 23 who believe they have the ability to play baseball professionally are eligible to attend the camp in Rochester, French pointed out.

Boys need no recommendations to attend. All they have to do is to present themselves at Red Wing Stadium at 9 o'clock the morning of Monday, August 1. The only requirements are that out-of-town boys finance their own trips to Rochester and their living expenses while here. Boys must bring their own shoes, gloves, and uniforms.

No fee is charged boys attending the camp, French stated, emphasizing at the same time that the camp will not be conducted as a school and that instruction will not be given.

Try-outs in the camp probably will entail a stay in Rochester of three or four days for out-of-town boys. Boys who are signed to contracts will be refunded their expenses.

Boys Busy Building New Park at Camp

A number of lads at Camp Ste. Maria who are at present studying nature lore, have been busying themselves clearing a section of the woods and building a dam in the brook, to make a cool and beautifying park on the Stella Maris campus.

The work is expected to be completed with in a week. With the cooperation of the camp counselors, the boys are planning a celebration at the official opening of the park. Features at this gala opening will be fireworks, operated by the boys—and plenty of them.

A GOOD OFFER

Friend Will Give Half Cost of Chapel

There are many things needed in the missions. Chapels and schools are the most costly. Whenever one of our readers asks us about building a chapel or school, we are thrilled.

We received a letter some days ago from a man who is interested in chapels. He said:

"Now for myself, if I donate one half the cost of a chapel, that is Two Hundred and Fifty Dollars, do you think you could interest someone else to give the other half?

"I would like to be named in honor of the Immaculate Conception or if that is not suitable to the other party, would like some other title of the Blessed Virgin."

We do hope we will hear from somebody. It would be a shame if this opportunity were lost. So if you can spare Two Hundred and Fifty Dollars, write to us at once. Let us know if the title "The Immaculate Conception Chapel" is agreeable to you.

A CHAPEL

You can build a mission chapel in the Near East for Five Hundred Dollars. The donor can select the name and the Holy Father will select the site.

FURNISH A CHAPEL

Would you give those to one Chapel?

An Altar	A Chalice
Crucifix	and Candlesticks
A Ciborium	A Missal
A Set of Altar Linens	

You can give all these for One Hundred and Two Dollars.

Gregorian Masses

If you are interested in the old custom of having a Mass said every day for thirty days for one who is deceased—write for our pamphlet on Gregorian Masses. There is no charge for this pamphlet.

YOUR DECEASED

Enroll your deceased in this Association. They will share in the Fifteen Thousand Masses that are offered every year for our members.

SHOWING GRATITUDE

One way of showing gratitude to Almighty God for all His favors is to help the missionaries. When you do, you are helping the Church to bring souls to God.

CIBORIUM FOR CHAPEL

The Ciborium is the Sacred Vessel that holds the Consecrated Hosts. It is placed in the Tabernacle after Communion. You can give a Ciborium to a mission chapel for Ten Dollars.

NO SPECIAL APPEALS

The Catholic Near East Welfare Association was founded by Pope Pius XI. Our work is to help the Catholic missions in the Near East.

Will you enroll in the Holy Father's Association? All we ask is One Dollar a year. There are no special appeals.

WHAT A SCHOOL MEANS

Consider a mission pastor without a school? His people are surrounded by those who are not Christians. The children are compelled to go to the Mohammedan schools where Christianity is attacked and ridiculed.

The missionary under such conditions has a hard time. His people as so few. The little ones are constantly exposed to anti-Christian influences. Is it any wonder that the missionary worries about the future?

A school can be built in the missions for Five Hundred Dollars. Thing what this means. What a difference one school would make.

Help us if you can. Build a school and safeguard these children. If this is too much, send us Five Dollars for our mission schools.

OFFERINGS FOR MASSES

Ask our missionaries to offer Holy Mass for your intentions. When you think of the missionary in this way, you have the benefit of Holy Mass and at the same time his work is helped by your intention.

MISSALS NEEDED

We are constantly receiving requests from our missionaries for Missals. When we ask our readers for donations to purchase Missals we receive very few responses.

The Missal is the large book used by the priest during Mass. The missionary can purchase a Missal in the Near East for Ten Dollars.

VERY LOW

We must do something about our Stringless Gift Fund. It is very low. Send us an offering, and tell us to use it where it is most needed.

ALTAR LINEN

The linen covering the Altar and the linens used at Holy Mass should be spotlessly clean. The Church has very detailed regulations concerning the linen. In the Near East exquisite linen can be purchased for an Altar for five dollars. The Sisters will do the sewing and cutting.

A CHALICE

Ten dollars will purchase a Chalice for a new mission.

POPULAR PICTURE

The picture of Our Lady of Perpetual Help is very popular in the Near East. Many of our readers would welcome the picture. A penny card will suffice. A letter to [illegible] will bring you the picture. Address: Rev. Dear Father, [illegible]

WHY GRATEFUL?

[illegible] large number of [illegible] In the name of [illegible] Lenten Mass. [illegible] grateful [illegible] member.
