MISSION REPORT

The High Schools, Colleges and Seminaries of the City of Rochester render a glowing report of mission work during the past scholastic year. Inspired by the Inter-School Mission Study Club, they concluded their activities in fitting style with a Mission Rally held on the campus of Aquinas Institute on May 18.

Aquinas Institute reports the largest sum Even though the school was placed upon a taxation basis mission work under the able direction of the Basilian Fathers continues to be the primary activity Through one means or another the student body collected over $3,000.00. Of this amount $2400 00 was distributed throughout the Home and Foreign Mission Centers.

The young ladies of Nazareth Academy followed close upon the heels of their neighboring campus rivals Various activities enabled them to divide $1561 3 amongst needy missions of America and abroad The girls of the Grammar Department, following the example of their "Big Sisters," did their bit for the missions of the world.

Hold Drive for Medicine

Under the leadership of the capable officers the C S. M C Unit of the Academy of the Sacred Heart brought to a close a year full of mission activity and zeal. Miss Frances O'Reilly, Unit Secretary, commenting on the results, had this to say "Although the general aim for the year was to put prayer and sacrifice ahead of financial gain, we were able, to send small sums of money to many poor missionaries Over $400.00 in all was sent. A drive for medicine and medical supplies was our most successful undertaking ten large boxes were shipped to the Medical Missionaries, to the Franciscan Missionaries of Mary and Father Gareche of the Catholic Medical Mission Board."

The student body of Our Lady of Mercy High School rallied to the mission cause with their customary zeal and enthusiasm Medicines bandages, clothing, school supplies, toys candies etc, were collected and distributed Something over $200 00 was sent to Indian Negro and Eskimo missions of our own homeland To this might be added the proceeds of their Senior Ball which the Graduates donated to this worthy cause

College Group Active

Particular stress was laid upon the mission program at Nazareth College Activities of a varied sort enabled the students to forward $560 00 Study clubs and discussion groups occupied a prominent spot in the schedule

The Mission Unit of St Andrew's Unit distributed its assistance among both home and foreign missions A donation of $150 went to the school in the south conducted for Mexican children The recently established Home Mission Order of priests under the leadership of the Rev. Howard Bishop also received help from the Unit The missions of Africa were remembered in a donation to the Rev Remigius McCoy of the White Fathers and in a Catechetical Chart which was sent to a missionary working in this part of the Church mission field Their donation totalled an all $225 00

A total of of $1759 16 represents the contribution of St Bernard Seminary Mission Unit to the mission cause It is a policy of the Unit to enroll the members of the faculty in the Society for the propagation of the Faith and the entire student body in the Catholic Students' Mission Crusade Proceeds of the Unit result from individual contributions and also the Annual Mission Day which is a major event on the mission program of the Seminary It is likewise a practice of the Unit to be of assistance to missionaries at home and abroad who attended St Bernard Seminary at some time in their preparation for the priesthood These missionaries may be found in the Southern and Western part of the United States China Philippine Islands, Puerto Rico etc It is interesting to note too that one contribution represented the purchase of a baking oven for a needy missionary

Father Randall, Diocesan Mission Director commented on the report by saying "The most encouraging sign of mission zeal for any diocesan director is to be found in our high schools, colleges and seminaries. If our young people properly appreciate their obligations, we need not fear the future Their willing sacrifices, their prayers and study during this period of life will bear ample fruit in years to come."

"I have studied the reports of other diocese, and I am proud to state that Rochester ranks very close to the top This report does not begin to tell the full story Our high school students, realizing the financial needs of our missions, have done their bit, but, more than this, their prayers and spiritual offerings have poured an avalanche of graces upon the efforts of our missionary priests and Sisters

"I should like to conclude my comments on this marvelous report with a word of sincere appreciations to the priests and Sisters whose enthusiastic direction made all this possible Without them we are helpless, but with their constant assistance we will rise to even greater heights

Social Centers' Activities

CHARLES HOUSE

Be-Spattered with green, white, brown, red and blue paint meant little to the workers at the Charles House Settlement this past week except that they were accomplishing by their labors a completely redecorated and re-painted establishment. The entire building was painted, inside and out, by the boys and girls of the neighborhood, along with the settlement house workers. The workers will get their fall program under way for the youth in the neighborhood shortly after the gala opening of the Charles House next week. The public is to be invited to inspect the House, to get a better idea of the work carried on there, and, incidently, to view the brilliant artistic endeavors of the Charles House staff

GENESEE INSTITUTE

The staff over at the Genesee are doing a bit of painting this week also. They are working furiously to get the Institute in the "pink of condition" for their fall program to begin October 1

Evening classes at the Genesee Institute have not been discontinued for the time, and every Tuesday evening the regular hygiene class under Mrs M Donald is conducted This hygiene class is open to all the fathers and mothers in the neighborhood

Mrs MacDonald is planning to hold a regular hygiene class each Tuesday afternoon for the N Y A workers at the Institute in the near future

Mr Joseph Padulla conducts two classes in the Italian language at the Genesee Institute each Tuesday evening At present there are about fifteen members in each class.

The dramatic group meets each Wednesday evening at the Institute and are at present reading plays from which they will select one to present at the Institute in the near future

SETTLEMENT SUPPORT

There have been many inquiries lately about how one can help in the work the settlements are doing The settlement houses are fortunate in having many volunteer workers but much of their work and possibilities are limited by lack of facilities. Anyone able or interested in providing any financial support no matter how slight for repairs and equipment is asked to directly contact Reverend Joseph E Vogt of the Social Action Division of the Rochester Catholic Charities Father Vogt's office is located in the Columbus Civic Center Stone 1492

BISHOP OF INDIA REPORTS

Thirty-Five Thousand Converts in Six Years

The most promising mission in the Near East is the diocese of Trivandrum, India. It is on the West Coast in the southern section. On September 30, 1930, Archbishop Ivanios was received into the Catholic Church. During the first year, he had 6,312 converts. Up to date, he and his priests have received 35,272 people into the Fold of Christ. This is certainly a remarkable record.

A few days ago we received the following letter from Archbishop Ivanios

"Much remains to be done. The blessings that have come can be increased and multiplied many times. The harvest is great! I know of many villages where hundreds will come into the church when we are able to receive them.

"I stand in the most urgent need of help for providing chapels throughout this diocese. I do not plan to open any new mission centers. We must consolidate what we have. Actually there are sixteen places where our converts are without chapels. This is my first task.

"As you know, the people of India live on almost nothing. This is because they have so little. When I receive these people into the church, I must supply chapels. Converts need to be cared for and helped during the first few years. Here we are saying Mass under the blazing sun or in straw huts. Some who watch us wonder how long this will continue

"One village especially worries me It is called Pulinthitta The pastor is Father Thazhyil, a convert from the Jacobite church. He tells me that as soon as we build a chapel many of his former parishioners will become Catholics. Five Hundred and Fifty Dollars will build this chapel.

"So I ask, for your kindness. Everything is prepared for a great harvest of souls. Do not allow this great atonement to pass into failure."

Can anybody read this letter and not wish to help? Here we have offered to us the chance of sharing in one of the most successful missionary endeavors. Will you build that chapel? If not, send something for the work of the Archbishop.

ONLY ONCE

We never ask our members to do anything very big for us. Once a year and only once we write and ask for a renewal of membership. The dues are One Dollar a year.

CHAPELS NEEDED

Chapels are needed in so many places in our territory. Missionaries are offering Mass in tents and sheds. It is hard to make converts under these circumstances.

Five Hundred Dollars will build a Chapel in the Near East. The donor can select the name and the Holy Father will select the site.

Ask the Missionary

During these summer days don't forget the missionary. His work must continue, no matter what the temperature. Ask the missionary to offer Holy Mass for your intentions.

DANGEROUSLY LOW

Our Stringless Gift Fund is dangerously low. From this fund we take the money needed for emergencies. So you see why it is important. Send us a small offering and tell us to use it as you see fit.

SPECIAL REQUEST

One of our greatest problems is to support the mission schools. It is difficult to obtain funds for this purpose. No matter how often we ask, the results are poor.

This week we make a special request. Send us Five Dollars to keep our schools going. Five Dollars will pay for a child for six months in a mission day school.

A CHALICE

Ten Dollars will purchase a Chalice in the Near East. Will you give one to a missionary?

PICTURE OF OUR LADY

The picture of Our Lady of Perpetual Help is very popular in the Near East. Give one to a mission chapel. The missionary must purchase a large picture for Five Dollars.

IN YOUR WILL

When making your Will remember Almighty God. Put into your Will the name of the Catholic Near East Welfare Association, Inc. this way your will helps to bring souls to God. Our missionaries will never forget you.

SPIRITUAL PRIVILEGES

Every year our missionaries offer Fifteen Thousand Masses for our members. These Masses are for all the living and deceased members.

ALTAR AS MEMORIAL

Nothing is more pleasing to a Catholic than to give an Altar to a church or chapel. It is a great privilege to magnify Our Redeemer Lord with a discreet resting place. It lends an honor to and external dignity to the Sacrifice of the Mass.

You can give an Altar to a mission chapel for Fifty Dollars. Make it a Family Memorial.

FOR A CHAPEL

The Stationary would be a worthy welcome gift to some missionary!

A Set of Vestments.
Altar Linens.
Crucifix.
A Chalice.
Candlesticks.
Ciborium.

You can give all these to a mission chapel for Sixty-Two Dollars.

ANCIENT CUSTOM

Are you interested in the old custom of enlisting a Mass every day for thirty consecutive days for the repose of departed? If so write for our pamphlet on Gregorian Masses. It is free. You will find it interesting.
