MIDNIGHT MASS TO BE CELEBRATED AT Elmira Reformatory For First Time

For the first time in the history of Elmira Reformatory and for the first time in the history of any penal institution, a Solemn High Midnight Mass is to be celebrated within its walls.

The prison chapel, wherein the Mass is to be said, was dedicated by His Excellency, Bishop Kearney, last June and is dedicated to St. John Bosco.

Everything in the chapel centers about the beautiful marble altar specially built in Italy, and placed at the eastern end of the chapel in a recess with circular top. Above the altar upon which rests a golden and marble tabernacle, is a four-foot wooden crucifix with silver corpus within the vision of all. The crucifix is the loving work of inmates of the Reformatory.

The Rev Francis J Lane, Catholic Chaplain at the Reformatory for the past 16 years, has long hoped to institute midnight Mass on Christmas Eve, but until this year it was not permitted.

The Rev Stephen Sweeney, C P who has conducted many Missions in this institution, is expected to be here for Christmas and will probably assist at the Mass and deliver the sermon.

A limited number of inmates and outsiders will be admitted. Many officers, their wives and others not connected with the institutions will also attend. Preliminary arrangements have been completed, with several officers volunteering their services to aid in supervising the movements of the inmate body.

Three Nuns To Talk at Symposium

At the symposium by the Catholic University School of Nursing Education January 5-7, many prominent speakers are listed, among whom are: Sister M Isabel Fitzgerald, Supervisor of St. Joseph's Hospital, Elmira, N Y, Sister Margaret Mary Townsend and Sister Margaret Adelaide Owan, also of St. Joseph's Hospital.

The subject matter of the program will be concerned with Philosophy Religion Ethics, Psychology, Sociology, and the Integration of Public Health Principles in the Curriculum. Each division will be presented by a speaker chosen from specialists in the various fields.
