SPECIAL MATINEE OF 'ALADDIN' FANTASY Arranged Saturday For School Children

While their parents attend the evening performance, nearly 5000 parochial school children of Rochester and vicinity are expected at the Auditorium Saturday afternoon to witness the Blackfriars' matinee production of "Aladdin and The Wonderful Lamp".

The Blackfriars management has set a general admission price of 10 cents for all children attending the matinee and sent general letters of invitation to the principals of city schools.

Although the oriental fantasy has a definite appeal for grown-ups, it is primarily presented for the benefit of the children and for that reason the special matinee has been arranged.

The play itself will provide the children with all possible outlets for their youthful emotions. They will have an opportunity to cheer Aladdin and his princess, his villainous magician from Morocco, laugh at the antics of Nupur, the talking camel, and thrill to the activities of the soldiers and the artistry of the dancers in the Cave of the Jewels.

Announcing THE CENTRAL TRUST INCOME ADVANCE SERVICE. For its fifty years of success and present prosperity, this bank must thank the people of Rochester. We now try to show our appreciation by extending our service to a new field through an Income Advance Plan.

Under this plan, people who lack conventional bank-loan security can borrow money, for any worthy need, at the reasonable rate and on the simple, businesslike terms which probably only a sound commercial bank can offer.

What is an "Income Advance"? Just that... a loan repayable out of future income. Who is eligible? Anyone regularly employed, with the reputation of being a "good credit risk."

The Central Trust Income Advance Service is now in operation; we solicit applications. Drop in at our Main Office and talk over your situation with us.

The Income Advance Plan is an extension of our service and does not replace FHA, collateral, general business or other existing types of loan.
