Thru Fifty Years!

Service— FOR CHURCH

AMONG the unique services rendered to this community by this half-century old institution has been our ability to enhance the beauty of the places of worship with rich carpeting and drapes especially selected for this purpose.

FOR HOME

TO THE public of Western New York, weis & fisher's has been a "household" word for a good many years. Many a grandmother of present day brides wended their way to "weis & fisher's" to buy the stylish and serviceable furniture that graced their homes before the turn of the century.

FOR SCHOOL

THE system of education has changed greatly since the days of the little "Red School House." But the same fundamentals are taught in the new and modern schools. While many a student trods clean, long-wearing linoleum instead of bare pine floors, so does a business grow and modernize but still adheres to basic fundamentals of quality, service and price not sacrificing one for another.
