Remember the little ones in our missions who are preparing for First Communion. Dress one child for us. Three dollars will take care of everything.

**THREE YEARS WITHOUT PRIEST**

Church Without Benches or Heat

It is difficult for American Catholics to realize what Catholics in other countries suffer. One of our missions in Bulgaria, a country of 6 million people, only has 100 Catholics. The Catholics are scattered throughout the country. An example of this is a village near the Turkish border. There are four hundred people of the separated church and only one hundred and fifty Catholics.

Father Noonoff of the parish writes: "Catholics are few in this country. Priests are very few. This village has for three years without a priest. When the last priest died the bishop had nobody to send in his place. I came here two months ago. Our church is well built, but needs repair. The roof is leaking. Our benches are gone. Where they went I do not know. The church is so cold in the winter that my fingers become numb during Mass. I had one hundred dollars. I could put this in excellent condition."

"I am very worried about the young people. They need instruction. Some of them are ten years old and have not made their First Communion. I should have a place to instruct them, a place where my people can gather and know one another. Believe me, when you are only one out of forty you need help and consolation. I could build a parochial house for one hundred and fifty dollars."

"St. Therese, the Little Flower, is my Patroness. I know she will reward those who assist us. Left alone we are helpless, that is why I come to you."

We can imagine the condition of that church after three years without a pastor. Will you give one hundred dollars and put it in shape? Can you build the parochial house? One hundred and fifty dollars will do it. It is too much for you, then send something for these poor people and their pastor.

**OFFERS EDUCATION PLAN TO CURB CRIME**

**Warden Brophy Heard By Holy Name Society**

CANANDAIGUA — Calling for education in the Catholic school and home as a solution to the crime problem, Warden Joseph P. Brophy of Auburn Prison, stirred members of the Holy Name Society of St. Mary's Church here, in an address Sunday morning.

About 130 men attended the breakfast in the school hall which followed reception of Holy Communion in St. Mary's Church. The Rev. M. C. Wall, pastor, expressed his appreciation at the large attendance. President Francis Wardwell opened the speaking program and F. H. McElwee was toastmaster.

In his address, Warden Brophy said in part:

Juvenile delinquency cannot be solved if we sit back, build more jails establish more courts or improve our police departments. Auburn prison today has 1,700 human beings, many young boys not yet 20 who will never see the outside unless pardoned. Some have been sentenced to 150 years, while others will be in the penitentiary when they are able to go before the parole board.

Children Parents

"Years ago our institutions were made up of adult prisoners but today they range from 16 to 28 years of age with the great majority under 19 and 20. Parents seem to get the foolish idea that boys and girls of 13 and 14 are able to take care of themselves. On the contrary it is the important time of their lives when the change comes and they need more supervision."

"We must play the game with the boy, live his way help him through proper supervision and training so he will have the proper outlook on life in the tender years when character building is important."

"The church school and home provide the means for this supervision and training and let us not overlook not only the opportunity to help our children grow up but give them the advantage of traveling the path that leads to God."

Warden Brophy complimented the members of the Holy Name Society on their attendance at Communion Sunday.

Quoting from Judge Talley he said: "We have no right to demand or expect that the school shall supply for the child the deficiency of the home. When God gives a father and mother a child made to His own image and likeness with the joy that a man is born into the world comes the duty imposed upon parents which they cannot avoid. It is to train the child in the ways of the Lord and to bring up the child in the nurture and admonition of the Lord."

First I propose that one half hour at the opening of school on every school day be given to a prescribed course of religion.

Second that the children be divided into classes in accordance with the religion of their parents as to the particular religion in which they are to be instructed.

Third that the instruction be given not by a Minister, Priest or Rabbi but by regular members of the teaching staff who have passed the test prescribed by the Board of Regents and whose eligibility to take such examination has been certified by the authorities of the respective faiths.

"Fourth, if there be children whose parents object to their being placed in any of the three major divisions that such children be given a prescribed course in ethics."

In discussing the Armenian problem, Florack pointed out that today the American public is being lured to make a choice. Either join the democracies and have for an ally the most ungodly and most undemocratic country, Soviet Russia, or join the dictators and have Hitler and Mussolini for partners.

**CATHOLIC COURT TEAMS TO BE FETED**

**Hornell K. C. Honor League Champions**

HORNELL, Hornell Council 243, Knights of Columbus will be host to St. Ignace Loyola courtmen champions of the Sunday School Basketball League. St. Ignace courtmen, coaches and captains of six other teams in the circuit and league officials at a dinner April 26. The invitation was extended at the annual banquet of the Sunday School League last week.

Loyalty to team and coach is essential in the success of any athletic endeavor. To Coach Paul (Jack) Donnelly of Holy Trinity Central High School who addressed players, final awards were also presented at the meeting and President Manuel Watt was given a traveling bag in recognition of his service to the circuit.

Coach Donnelly has been ill for a week and left a sick bed last evening to keep his engagement. He said he was thrilled with the duties of coaching because it brought him into contact with youths and cultivated friendships that will last forever.

"Discipline is essential in the success of any team," Coach Donnelly said, "and without it a coach cannot expect any results."

Coach Donnelly said he liked a good loser but not a consistent one, and that he would not tolerate any unorthodox conduct on the part of any of his charges. He complimented members of the Sunday School Basketball League for their loyalty and thanked them of the great opportunity given them and that they should be grateful for the league.

The Rev. J. P. O'Malley gave the opening prayer and President Watt opened the session by introducing the Rev. Francis Hester, toastmaster for the evening. Physical Director Charles T. Ellis gave the financial report for the season, and presented Charles Bohane, Jr., with the individual foul-shooting award. General Secretary Chester Knight presented the team foul-shooting award to First Presbyterians.

At this stage of the program, Father Hester paid his respects to the press for their splendid work during the season. Peter Sydelko and Paul Hartman took bows, amid applause. The Evening Tribune, Y. M. C. A. Spirit Trophy was presented to Robert Shinebarger of First Baptist by Ward H. Fleming. The championship trophy, won by St. Ignace Loyola, was presented by President Watt. It was accepted by Captain Joseph Watt of the Champions.

Gifts were also presented to referees John Todd and Robert Carroll.

In closing the session, marking the 10th anniversary of the establishment of the circuit, Father Hester said: "This league is one of the most important organizations in the city and it is up to the boys to keep it intact."

He then presented President Watt with the traveling bag, a gift from every member of the league. President Watt was overcome but managed to express a sincere "thank you."
