Bogus Gestapo Agent
Robs Berlin Convent

BERLIN—Fear of the Gestapo makes it easy for criminals to victimize persons who wish to avoid giving the slightest offense to officials. Recently an individual entered a convent and informed the Mother Superior that he had been sent by the authorities to investigate the organization and activities of the convent. He produced a document that was stamped profusely and apparently officially and demanded the accounts of the convent and the names of all persons living in the convent who were placed in an envelope in the presence of the Superior carefully sealed and marked. The decision of the Gestapo regarding the money and the convent was to be delivered that evening. When no word came from the authorities, the Mother Superior investigated and learned that she had been swindled.

Canada Bishop Denies Parish Schism

(Continued from Page 1)
 "I added that it is equally false to assert that the pastor was removed because of some difficulty he had with a public relig. officer as has been said. The pastor 'has been removed for canonical reasons which were known by a large portion of the population of the region either Catholic or Protestant.' The Bishop declared.

Two Prelates Named
To Rumanian Senate

BUCHAREST.—King Carol has just appointed two new members of the Rumanian Senate. They are Blaise Malin, new head of the Diocese of Alba Julia, and the Greek-Catholic prelate, Dr. Viktor Masavel. This action has broken a precedent whereby each recognized religious body had claim to only one representative in the Senate. The Catholics were already represented by Archbishop von
