DIRÉCTOR

Good morning, everyone! Brrrr --feels a little like winter this morning, but then perhaps with the cool weather, our enthusiasm will be "upped" a bit. These hot, slicky days are, it is true, a little bit tough to get started. But now, full of pep, vim and vigor, everybody should be swinging in their old style. Two more schools appeared over

the horizon during the week. Of them we shall have more to say in a moment, but right now I should like to encourage you to follow their lead and hop aboard the Band Wagon. This promises to be our banner year in mission acticity and well it might be b Americans are now about the only ones in the field.

Everyone else is so busy think-ing of war and their own lives that they have little time to give to the missions and little to sacrifice to help along this great cause.

Everyone in mission work turns o America and asks that we do s o kinerica sizu make up for those who at this time find it impossible to carry on. So, then, let's get right down to good hard serious work. Our sacrifices will help the good missionary priests and sisters with their needs, and when I say sacrifice, don't forget, I mean just that. None of this begging at home asking Mother or Dad for a few pennies to bring to school fo the missions. That's out! There i absolutely nothing missionary about it and if we are to stand alongside those who have giver their lives for this great cause, it
