

*Sibley, Lindsay & Curr Co.*

At Main and Clinton...  
Sibley's Corner"

The dictionary defines *Landmark* as "a familiar or prominent object in the landscape, serving as a guide." How well that describes this institution! *Familiar* to more than four generations of Rochesterians, who have made it their favorite shopping center for almost three-quarters of a century. *Prominent*, not only in its own community, but a reputable name in the retail markets of the world. *A Guide* to hundreds of thousands of buyers, who learn, almost from the cradle, that the fine things in merchandise are to be found at Sibley's, always at the lowest possible prices.

IN appreciation of the cherished friendships I have enjoyed over the past 50 years I take this occasion to extend

*Congratulations*  
and  
*Best Wishes*
