Outlines Plan For U. S. Unity

Cincinnati Prelate Offers Five Points

CINCINNATI (AP)—A five-point program which American Catholics agree upon if they are to attain a lasting national unity was outlined by the Most Rev. John T. McNeelan, O. P., Archbishop of Cincinnati in an address to a Holy Name rally here.

Comprising the program must be the Archbishop explained love of God, love of neighbor, strengthening of the American home, bringing religion into education and bringing the every citizen the duty of upholding every legitimate authority exercised in our country.

Urging that prayers be offered that the local citizens of every group in our country will persevere in an effort to win God's blessing for national unity, the Archbishop warned that without self-sacrificing efforts we shall not succeed without God's blessing we shall labor in vain.

No Human Brotherhood—Laboring upon the first point of love of God, the Archbishop said that the tyrants and dictators of today who are slaughtering the innocent and promoting racial hatred and hate among the nations of the world are in the last analysis guilty of not loving God or of denying the very existence of God. For them there is no human brotherhood, there is no real love on human life.

Testing the second point of the program love of neighbor, the Archbishop declared that "it is nothing less than insanity and inhumanity to promote hatred of the Jewish race. They are brothers in God." Likewise, he said, "to incite and humiliate to promote hatred of Catholics. There are some religious groups that have no stronger unity than the set purpose to increase the number of persons who hate Catholics. Such religious groups are destined to disintegrate. They must utterly collapse. They have no constructive object in the religious world."

Priests Attend 'Liturgy' Meet

Interest in the so-called "liturgical movement" has become so deep and widespread in America, that a national gathering, representative of that interest and of all the movement stands for, now seems appropriate. Upon the invitation of the Most Rev. Samuel J. Stritch, Archbishop of Chicago, a group of liturgical leaders from various parts of the country is meeting this week "The Liturgical Week," at Holy Name Cathedral in Chicago.

The theme selected for this liturgical gathering is "The Living Parish: active and intelligent participation of the laity in the liturgy of the Catholic Church." The week devoted to liturgical study and practice embraces a series of talks and discussions upon this central theme together with a series of liturgical functions featuring the liturgical discussion carried out in the Cathedral Church.

The Rev. Benedict Elmann of St. Bernard's Seminary will participate in the program entitled "The Living Parish." The Reverend Fathers George Vogt, Leonard Kelly, Walter Carron and John Merklinger are also attending the congress.

VINDICTIVE PEACE WOULD BE SHORT-LIVED

LONDON—A vindictive peace would be short-lived, said the Apostolic Delegate, His Excellency the Most Rev. William Godfrey, in a sermon at St. Michael's, West Derby, Liverpool, on the occasion of the church's seventy-fifth anniversary. The Archbishop began his priestly life at this church.

"No real peace came to the world after the last war," he said. "The peace which Europe and the world needs will be given if Christians the world over listen to the advice of the Pope. He has already given five points for the basis of a just peace. These were praised particularly by the press, but they are very rarely mentioned now."
