Elmira CYO Makes Strides In Half-Year's Existence

Working closely with hundreds of boys and girls every month, the Catholic Charities of Elmira had long felt that there was a great need for a common meeting ground for our Catholic youth. With this in mind...

In October 1940, a small group of Catholic men and women from Elmira and vicinity, were invited to attend a preliminary meeting in the Federation Building in Elmira to consider plans for a recreation program under Catholic supervision. The principal speaker was the Rev. Joseph E. Vogt, Diocesan Director of Social Action. Speaking with his usual stirring inspiration, he left his listeners convinced of the need for such a program in the field of leisure time activities.

Even Father Vogt, however, could not have looked ahead to the end of a brief six months and foreseen the far reaching results of this first attempt to reach the distant heights of a glorious victory. It is in passing, that we should have seen it as though it were a child still learning to creep at the age of six months, even far from the long strides our full grown youth program is taking today.

Much credit for the success of the program under the supervision of the Men's Committee must be given to the President, Earl A. MacDonald. Spurring the efforts of sponsors, daring to avoid every taint of commercialism, he has, with the assistance of our able committee, built up a basketball league which has attained results far beyond the fondest hopes of those interested in it.

Holy Childhood Association Scouts Camping Plans

We're Over the Top! We'll be very frank and admit that we honestly didn't think that we would make it. Why only last week our goal of \$10,000 for our new Mission Chapel seemed a long way off and our needs were heavy for we so wanted to make our goal this year. We were quite convinced that we couldn't possibly do it, and then all of a sudden during the days of Holy Week your perfectly marvelous reports kept coming in with glorious accounts of your savings and every day grew brighter until now we are over the top!

The greatest consolation in life is to find a heart to whom thou feelest thou canst open thine own.

Learning reverence for God gives a sound basis for real patriotism.

Look Upward. It is a good thing to believe, it is a good thing to admire. By continually looking upward our minds will themselves grow upwards. And as a man, by indulging in habits of scorn and contempt for others, is sure to descend to the level of what he despises, so the opposite habits of admiration and enthusiastic reverence for excellence lead to ourselves a portion of the qualities we admire.
