

OUR
Congratulations
 to the
1941
GRADUATES

EQUIPPED with four years of education, graduates of 1941 step forth on the threshold of an uncertain future in a world engaged in a struggle for survival. The bright note in this otherwise dismal picture is that these graduates enter a flourishing business world and they will supply a new vitality and stability based on those Christian principles carefully taught them in their years of formal education.

June, the Month of
Gifts

Sibley's, the Store for Gifts
 for More Than Four Generations

People in Rochester and Western New York have a way of depending upon Sibley's for gifts. The "something old" for many a bride of today is a precious bit of lace, perhaps, from her great-grandmother's Sibley Christmas. It's traditional in many a family to come to Sibley's for gifts for weddings or bridal attendants, birthdays or anniversaries, Father's Day, graduations, baptisms, showers, or babies. So once again in June, the month of gifts, we invite you to come to Sibley's, to choose your gift from dozens of shops on the great selling floors.
