

Three Faiths To Join In Cooperative Study

Jointly sponsored by the National Catholic Rural Life Conference, the Committee on the Church and Cooperatives of the Federal Council of Churches of Christ in America and the Social Justice Commission of the Central Conference of American Rabbis a regional inter-faith study conference on Religion and Consumer Cooperation will be held at Rome N. Y. Monday Nov. 17.

Sessions will begin at 1:30 P. M. and will include discussion of religious implications of consumer cooperation, the credit union movement, practical idealism and the need of cooperatives in America.

Dr. Rev. Msgr. Luigi G. Ligutti will conclude the conference with a talk on Cooperative Principles and Christian Philosophy. Other speakers will be Wallace J. Campbell of the Cooperative League of the U. S. A., Dr. H. E. Babcock, president of Cooperative-Grange League Federation Products, Inc. and chairman of the Board of Trustees of Cornell University, and Murray D. Lincoln, president of the Cooperative League of the U. S. A.

In Rochester the North Side Cooperative Society and the Genesee Cooperative Society, Inc. are operating grocery stores on the cooperative plan.

Rev. N. Y. The Rev. James F. Gorman, pastor of the Church of the Resurrection here, has just died at the age of 77. The parish plant which was developed in Father Gorman's pastorate at a cost totaling \$1,000,000 is referred to as "The Cathedral of Westchester."

STRANGE BUT TRUE Little-Known Facts for Catholics

By M. J. MURRAY

People stand at the GOSPEL to indicate their identity in changing Christ's words. Military orders customarily stand with drawn swords at this period.

It is particularly apt that ST. ROCH, Patron of the Sick, WAS BORN WITH A RED CROSS ON HIS BREAST!

THE WORD derives from MASS (MISSA) LE "DIGNITY" THIS BY STRANGE EVOLUTION THE GATHERING HAS COME TO MEAN THE ACTUAL SACRIFICE.

A DANGEROUS HERETICAL SECT OF THE 5TH CENTURY CELEBRATED THE EUCHARIST WITH BREAD AND CHEESE! They were the APOSTATITES (Greek APOC - Barley Bread, TAROS - Cheese)

But wilt thou know, O vain man, that faith without good works is dead. He that hath mercy on the poor lendeth to the Lord, and he will repay him.

Delay not to be converted to the Lord, and defer it not from day to day. America is rallying to the Mission call

Officials' Promises Raise Hope For Mexico Education

MEXICO CITY, Nov. 12.—A group of officials who have been working for the improvement of education in Mexico, are optimistic that the promises made by the new government will be fulfilled.

Although there are many who seek to limit the scope of the new government's educational program, the officials who have been working for the improvement of education in Mexico, are optimistic that the promises made by the new government will be fulfilled.

The Secretary of Public Education, Dr. Velazquez, has declared that the government will continue to support the private schools, but will also support the public schools. He also announced that the government will continue to support the private schools, but will also support the public schools.

THANKSGIVING for Tired Eyes...

"YESSIR... this is the time of year when good providers go into action"

Every year since there has been an America, November has been a month dedicated to home and family, when folks give thanks for past blessings and take stock of the future. Right now taking stock of the light bulbs in your home may help guard your family's eyesight, too. For the eye strain season's back again. For example:

Mary gets a 100-watt bulb in her sewing lamp. That guards her against dangerous strains.

A 3-luc bulb in the lamp by Mother's chair makes sewing, reading, or close work much easier.

Over my chair a 100-watt lamp with a 100-watt bulb gives me the better light and under eyes need for easy reading.

In the kitchen a 150-watt Silvered Bowl bulb in a screw-in fixture gets rid of glare and shadows.

LOOK FOR THE RIGHT WATTAGE When You Buy Bulbs!

To make seeing easier be sure you get bulbs of the right wattage. Your Lamp Dealer has a chart that shows the proper size for each lamp and fixture.

40-50-60-watt.....	13c
75- and 100-watt.....	15c
150-watt.....	20c
150-watt Silvered Bowl.....	45c
100-200-300-watt 3-luc.....	55c

Attend Cooperatives Session In Geneva

Harry deCora, Michael F. Ker, Oliver Whang and Charles Miller of the North Side Cooperative Society and Joseph H. Geary of the Genesee Cooperative Society were among the directors of cooperative societies of Western New York who assembled last Sunday at Geneva to hear a report of the condition of the Wholesale Society owned and operated by the consumer cooperative societies of the East.

They heard Leslie E. Woodcock, general manager of Eastern Cooperative Wholesale Inc. tell of the enormous growth in business of the Wholesale since it began warehousing in 1936; how total volume had increased from about one and a half million dollars in 1940 to over two million dollars in 1941. They learned that the Wholesale was now serving 240 Societies with a full line of groceries, and that these societies in 11 states of the east had a membership of 30,000 and were doing a total retail business in food-stuffs of about seven million dollars a year.
