**OBSCENE BOOK DRIVE WINS  
HOLY NAME GROUP'S PRAISE**

**RAVINE Wis.** Milwaukee officials were praised for the efforts to suppress obscene literature, in a resolution adopted when 1000 men from parishes throughout the Archdiocese gathered here for the annual convention of the Milwaukee Archdiocesan Union of Holy Name Societies.

Dedicating themselves and their work to Christ the King the members pledged cooperation with all public agencies seeking to eliminate objectionable literature and specifically condemned the brazen display easy accessibility and indiscriminate sale of literature which presents great evils and temptations to youth and even adults.

**Motor Chapel Tours  
Ohio Rural Counties**

**CINCINNATI** - The Chapel of the American Martyrs, a 40-foot motor chapel believed to be the first ever used in Ohio, has been touring sections of the State where there are no priests. It is operated by the Home Missioners of America of Glendale, O., to facilitate their work in rural areas.

Given by the family of Peter Kuntz, Sr., of Dayton, and partly equipped by the Tabernacle Society of The Summit, Cincinnati, the motor chapel will be used in various parts of the United States after completing several tours in Ohio.

**Open New Door**

Vatican City - Now that a door in the wall of the third loggia of the Papal Palace for the entrance of visitors to the Secretariat of State has been completed, work has been started on another door in the same loggia for the use of the staff.

Two frescoes had to be removed from the loggia to make an opening for the new door. Both of them, one representing the Council of Trent, and dating from 1700, and the other a map of Australia, were removed intact and turned over to the Director of the Papal Museums and Galleries.
