### 500 Men Turn Out For Holy Name Rite

Approximately five hundred members of the Holy Name Societies from all parishes in the Elmira Deanery participated in the "Candle Light Ceremony" at St. Peter and Paul's Church Sunday afternoon, Jan. 11.

Holy Name Society services in the afternoon followed a great outpouring of families at all the Elmira Deanery churches at morning Masses when the annual Family Communion Sunday was observed in honor of the Feast of the Holy Family.

The Rt. Rev. Msgr. John J. Lee, spiritual director of the Elmira Deanery directed the afternoon services which included renewal of the Holy Name pledge, recitation of the Litany of the Most Sacred Heart and Benediction of the Most Blessed Sacrament.

Rev. Arthur C. Smith led the recitation of the Rosary Name Remembered.

In the sermon for the occasion, the Rev. Thomas J. Toole, said in part:

"Search through the pages of History if you will, and find enshrined therein the names of men worthy of remembrance and respect. You will find statesmen whose every thought next to God was for country, men who sacrificed even life itself for the love of country. You will find philosophers who sounded the depths of human wisdom and left an impression that only time could obliterate. You will find theologians whose mighty intellects illumined by heaven have cast light on the doctrines of God. Names such as these you will find, but in their midst you will find one far greater than these, because its bearer is more than man, more powerful because it is the name of God, a name destined to be spoken in every language and to be loved with an heroic love.

Strange Paradox —

"Now reverse this process and search out the names most despised by men. Instead of the statesman you will find the traitor, who for some paltry gain betrayed the honor of his country. Instead of the philosopher you will find the sophist who has destroyed the truth and turned man into a sceptic. Instead of the theologian you will find the rationalist who bid us to be silent about revealed religion, and tells us that our God and His actions must be studied with the unaided light of human reason. Such men had a following, but by the majority of men they are condemned, hated, and considered dangerous. Worthy as they seem of hatred, there is one more hated

### Rutherford Dies In California

SAN DIEGO, Calif. (NC) — Joseph Franklin Rutherford, self-styled "Judge," and founder and leader of the Jehovah's Witnesses, who achieved world-wide notoriety for their radio and literary assaults upon the Catholic Church, is dead at his estate here.

The 72-year-old Rutherford lay unburied and thus even in death continued involvement with the law which characterized a large part of his personal history and that of the Jehovah's Witnesses movement. His last wish to be buried on the estate was blocked by the refusal of the civil authorities to permit this because the estate is not a legally zoned cemetery.

### Complete College Plant From The Air

A 'Greater Nazareth'—modernly constructed and equipped college buildings above located at Pittsford await Catholic young women who are seeking the efficient secular and religious training offered by the Sisters of St. Joseph conducting Nazareth College.

### Nazareth College Opens On Jan. 19

Students of Nazareth College will commence their college life Monday, Jan. 19 on an entirely new campus. This new spacious, park-like campus located on East Avenue, Pittsford, will consist of an administration and class rooms building, a separate gym and auditorium, and a residential students' home, all of English gothic architecture.

Also on the campus is a cooperative dormitory which will house about fifteen students. The Motherhouse of the Sisters of St. Joseph is to be found on the west end of the campus.

#### PLAN PLAY HOUSE

Members of the Undergraduate Association have had plans drawn for a "play house" where students may gather between classes. Work will begin on this in the Spring.

The resident students' home is equipped with single and double rooms with adjoining baths, and suites of connecting single rooms. On each floor of the three-story brick building is a lounge with a connecting kitchen where the boarders will spend their leisure hours. On the main floor, there are the boarders' lounge, dining room, and social room.

The administration building will house the offices and glass rooms. There will be more than fifty class rooms, chemistry, biology and physics laboratories, plus typing and dictation rooms, and office practice laboratories. There is also an oratory where Mass will be offered daily. A speech theater has also been provided.

#### AUDITORIUM FOR 300

The auditorium will accommodate about eight hundred. It is equipped with a floating maple floor, and the stage has been furnished with all the needs of collegiate plays. Under the auditorium there is a cafeteria which will accommodate the entire student body. To the west of the cafeteria showers and lockers for the gymnasium have been provided.

More than one-half mile of concrete tunnel connects all of the buildings. These tunnels, eight feet by six feet, will eliminate the necessity of going outdoors in inclement weather to pass from building to building. The administration building is also connected with the auditorium by a gothic cloister.

#### FOUNDED IN 1924

The college was founded in 1924 by the Sisters of St. Joseph of the Rochester diocese, and classes were first held in a large residence called the Glass House in Lake Avenue adjacent to Nazareth Academy. The first class numbered twenty-five young women. In 1928 the college moved to Augustine Street. Ground for the new East Avenue buildings was broken on July 6, 1940.

The college now consists of about 300 students, seventy of whom are boarders. The faculty at present numbers eleven lay-

### Catholic Hospital Becomes Emergency Defense Unit

LINCOLN, Neb. — St. Elizabeth's Hospital here has become the State's first hospital emergency defense unit. Establishment of a headquarters for supplies, medicines, drugs, instruments and dressings is included in present plans.

The hospital is conducted by the Sisters of St. Francis of the Perpetual Adoration.

### Materialism's Threat Draws Warning

CHICAGO (NC) — A warning against the forces of materialism active in the United States was sounded by the Most Rev. Samuel A. Stritch, Archbishop of Chicago, in an address broadcast over the Mutual Broadcasting System, Sunday. The Archbishop spoke at a Communion breakfast in the parish hall of the Church of the Visitation here, and his voice was carried to other Communion breakfasts of Holy Name men held throughout the Archdiocese of Chicago.

### Dr. Cowen Hails Red Cross Work In Kiwanis Club Talk

AUBURN.—"If we turn the Red Cross down, if we close our hearts to its appeal, if we are stingy and petty in our contributions, we are really turning down the young men whom we have sent to the front to sacrifice even their lives for us."

This was the message given by the Rev. Dr. William E. Cowen, pastor of St. Mary's Church to the Auburn Kiwanis Club meeting at the Osborne Hotel, Jan. 7.

"However generous we may be when an appeal like this is made, that generosity is nothing compared to the devotion and generous sacrifice of millions of our young men who are striking the enemy wherever he may be found and beating him to the ground," Dr. Cowen declared.

The speaker reminded that now is a time for prayer. "Go, he said, to your respective churches and invoke God's blessing on our cause. 'In God We Trust' is not merely a slogan. It is a nation's dedication and a national act of faith."

Dr. Cowen paid tribute to the Kiwanians for cooperating with the Red Cross, saying that "this club has always been characterized by its public spirit and its practical interest in the community and the nation."

The shock that was felt Dec. 7 "was something that concerned you personally," the priest told his hearers. He stressed the threat that has resulted to American institutions, freedom and way of life.

"We have no anxiety about the ultimate issue," he continued. "Now we are united in a determined will to protect our land. We are confident of success."

Like the boys on the firing line "we must do our part also and do it generously and manfully, if victory is to come."

"Our country needs whatever of our means, of our efforts we can give to its defense," said Dr. Cowen. "Remember that every sacrifice we are called upon to make will be necessary that America may live."

"The Red Cross is a very important agency in this work. It needs funds to do its work on the battlefield and in the camps for the wounded and sick and cannot operate without us and without our help. The Red Cross is going where they are needed to bring solace and help and healing to our fighting men."

### Canada Clergy Get Gasoline Priority

OTTAWA.—Under the gasoline rationing which is to become effective this month throughout Canada, it is planned to issue special cards to clergymen and doctors so that their ministrations, especially in rural and suburban areas will not be hampered.
