

# Low Birthrate Cause To Be Determined By Poll In France

VICHY—(N. C.)—The campaign against birth control, and particularly the referendum to determine the real cause for the low birthrate in France, conducted under the joint

## France Will Again Live, Says Maritain, Award Recipient

Jacques Maritain

WINDSOR, Ont. (CN)—Receiving the second annual Christian Culture Award from Assumption College here, Jacques Maritain, eminent French Catholic philosopher, told a large audience that France will live again, that liberty and fraternity there are not dead, needing but to be revived and given fresh impetus.

The Christian Culture Award is presented annually to an outstanding exponent of Christian ideals.

Professor Maritain has been lecturing at the Pontifical Institute of Medieval Studies at St. Michael's College, Toronto.

Eight years ago Assumption College inaugurated a Christian Culture Lecture Series. Famous world leaders in many walks of life have been guests in the series. Popular have the lectures become that the large hall of a theatre has not been sufficient to accommodate the attendance, and it has been necessary to obtain a second hall to which the lectures are broadcast through a loudspeaker system. They are conducted by the Basilian Fathers, the same congregation of priests in charge of Aquinas Institute, Rochester.

A year ago, as a natural sequence to the lecture series, it was decided to present an annual award. The first two recipients have been exiled patriots.

In his lecture, Professor Maritain said the natural law is to be found in the heart of man and that all human rights are rooted in the natural law. As man is gifted with intelligence and resolves upon his own aims, it is up to him to put himself in harmony with the aims which are of necessity demanded by his nature, he declared.

"Freedom from want and freedom from fear, as President Roosevelt has defined them in his four points, correspond to the demands of common law which are to be fulfilled by statute law and world political organization," Professor Maritain said. "The right of suffrage granted each one of us arises from a positive or statute law."

"The state can ask a mathematician to teach mathematics but the state cannot force a mathematician to teach a mathematical doctrine. These things depend upon truth and truth alone."

"Man is constituted a part of the family society long before he becomes a part of the political society. If the state has an educative function, it is to aid the family in fulfilling its mission, not to efface in the child his vocation as a human person."

## Pilgrimage Held

Mexico City—A large pilgrimage from Tlaxcala, State of Mexico, arrived here on foot en route to the Sanctuary of Our Lady of Guadalupe, where solemn religious ceremonies are in progress.

sponsorship of the National Relief and the National Circle for Coordination and Action of Family Movements, has the endorsement of the Catholic Press which predicts that "lack of, or inadequacy of religion" will hold first place when votes are counted.

From 15 alleged causes for the practice of birth control, the voter is asked to check the three which he considers contribute most to the situation in France. These alleged causes are:

Young married couples are more interested in going to motion picture theaters and motoring than in assuming the responsibilities of a family.

Divorce is easier when no children are involved.

The lack of inadequacy of religion.

The necessity of lowering the living standards that one may maintain when there are no children.

The frivolous married woman's objection to "losing her figure."

Employment of women outside the home—in factory, store, office, etc.

Abandonment of rural life. Difficulty in finding quarters for a large family.

The heavy financial burden of rearing a family.

Aversion to dividing the inheritance or parceling out the family estate.

Fear of unemployment. Poor health.

Difficulties encountered in raising children.

Fear of sufferings connected with childbirth.

Fear of being unable to rear several children properly, according to modern standards.

Marshal Petain insists that "the family" be kept as the core and, more especially, that the heads of families be sure of both their duties and their rights. The Family Code adopted in 1939 constitutes moral and material protection of the family, and laws and decrees of the Vichy Government have backed and extended the principles of this Code, adapting it to meet the difficult situation caused by the defeat of France. Much remains to be done, and it is most important that officials and leaders in the movement to protect the family derive encouragement and support in their task from an enlightened public opinion.

## 542,135 CATHOLICS

Quebec. Within the confines of the Archdiocese of Quebec there are 542,135 persons of whom 542,135 are Catholics.

# Bishops of Argentina Condemn Totalitarianism and Racism

BUENOS AIRES (CN)—Their repeated condemnations of extremist doctrines and an exaggerated nationalism, also condemned by the Holy See, are again called to the attention of Argentine Catholics by the Hierarchy in a joint pastoral.

"In view of the various ideological movements that, under present circumstances, are causing a certain amount of confusion among Catholics," the pastoral says, "we believe it our duty to enlighten them by reiterating our teachings, imparted in accordance with the supreme directions of the Holy See."

The Bishops of Argentina remind their flocks that in their joint pastoral of May 30, 1936, they said:

"The Church, whose mission is above all parties and factions, aspiring to the greater good for existing societies, as apart from exaggerated nationalism—which, going far afield from the true exigencies of the virtue of patriotism, proclaims the total submission of the individual to the State—as she is from disruptive Communism which, trampling upon beliefs, liberties and rights, converts the individual into a mere instrument of a kind of social state which impairs human dignity itself."

"We call the attention of our faithful to this," the latest pastoral says, "so that they may not be appeased with respect to activities which lead to such extremes. And as to the political rights of Cath-

# HIS HOLINESS POPE PIUS XII SPEAKS

These new pictures of Pope Pius XII show the Holy Father in various moods while in conversation during a Papal audience at the Vatican, in early December. The pictures which have just arrived in this country were mailed from Rome before the outbreak of war between Italy and the United States. Associated Press photo. (N.C.W.C.)

# Holy Father's Jubilee Plans Cited By Vatican Secretary of State

## Scores Eden View On British-Soviet Status

LONDON (CN)—Commenting on foreign Secretary Anthony Eden's broadcast declaration on his return from Moscow, that "there is no real conflict of interest between the Soviet Union and Britain" the Catholic Times says Mr. Eden must stand alone in that belief "for not even the mildest of Pinks has ever suggested that Dialectical Materialism, Leninism or Marxism or Bolshevism, call it what you will, had anything in common with the despotic British Capitalist Imperialism or Imperialist Capitalism."

The paper says it accepts as a political and unpalatable fact the Russian alliance and that it accepts the doctrine of aid to Russia as militarily necessary but it says it rejects the hypocrisy of whitewashing what Hugh S. Johnson in the New York World-Telegram called "one of the greatest aggressors and bloodiest dictatorships in the world."

## Denies 'Happy' Condition Of Church In Reich

VATICAN CITY (CN-Radio)—Beguiling statements intended to make the world think the position of the Catholic Church in Germany under the Hitler regime is a happy one have been bluntly contradicted by Osservatore Romano. The Vatican publication has printed the following: "Some newspapers have published reassuring news on the situation of the Church in Germany. We regret being obliged to declare that, alas, it is impossible for us to share in and to confirm such appreciations."

## Grey Nun Dies

Montreal The Very Rev. Eugene Dionne, former Assistant Superior General of the Grey Nuns, has died at the motherhouse here at the age of 80. She made her profession 59 years ago.

VATICAN CITY (CN-Radio)—Re-emphasizing the plans being made by the Central Committee on celebration of the twenty-fifth anniversary of His Holiness Pope Pius XII's episcopal consecration, His Eminence Luigi Cardinal Maglione, Papal Secretary of State, has invited Papal Nuncios, Apostolic Delegates and other representatives of the Pope throughout the world to call the attention of Bishops in their territories to these coordinated undertakings.

In this connection His Excellency the Most Rev. Francesco Borgognini, Dux Papal Nuncio to Italy, has addressed a letter to the Bishops of Italy recalling the Pope's desires with regard to the observance.

The jubilee, which will be observed from May 13, 1942 to May 13, 1943, commemorates the consecration of the present Holy Father as Titular Archbishop of Sardes on May 13, 1917. Wishes expressed by the Pope with regard to observance of the jubilee throughout the Catholic world are:

1. The observances must be primarily of a religious and spiritual character in accord with the difficult times through which the world is passing.

2. The faithful should be invited locally to join in prayers for the Pope's intentions in the Cathedrals and principal churches. In this connection it is considered fitting that the Pope's Feast Day be celebrated with especial solemnity throughout the world this year.

3. The Apostolic Benediction will be broadcast to the entire world after a Mass of Thanksgiving to be celebrated by His Holiness in St. Peter's Basilica on May 13, the actual day of the jubilee, or on the following day, which is Ascension Thursday.

4. It is not advisable that pilgrimages to the Eternal City be undertaken for the occasion, but it is recommended that the faithful be invited to attend, on the day of the observance in the Vatican, religious ceremonies in their local churches.

# Pupils Urged By Bishop To Collect Rosaries For Men In Armed Forces

(Continued from Page 1)

the Catholic schools of Danville, Avon, Lima, Mt. Morris, Perkinville and Wayland.

SS. Peter and Paul's School, Elmira, for the Catholic schools of Elmira and Owego.
