GYO Basketball Leagues

SECOND ROUND RESULTS

This was a week of surprises and upsets in both C. Y. O. Leagues. Both first round champions met surprising opposition from dark-horses and suffered their first defeats of the season. Whether they can get back into the race for this second round championship depends on this week's games.

Junior League

A much improved St. Charles team which won only 2 games in the first round provided the first upset of the week when they defeated St. Cecelia's, 25 to 23. At the end of the game the score was tied 23-23 and St. Charles battled for 3 extra periods before they finally won by 2 points. This defeat dropped St. Cecelia's out of first place and left St. Casimir's in undisputed possession. They racked up 2 victories over St. Patrick's and St. Charles to bring their victories up to 5 with no defeats. In third place is St. Charles, the victors over St. Cecelia's. St. Patrick's and St. Anthony's each won one and lost one to occupy fourth and fifth places. St. Anthony's managed to break into the win column by defeating St. Peter and Paul's, 16-13.

Intermediate League

St. Patrick's provided the surprise of the week in this league when they defeated St. Casimir's, the winners of the first round by a score of 25 to 23. St. Patrick's seem to have found themselves at last and turned in 2 games this week that were really worthy of them. This game with St. Casimir's was bitterly fought all the way and St. Patrick's looked like champions in winning it. In their second game of the week St. Patrick's met surprising opposition from a very much improved St. Mary's team. At the beginning of the last quarter St. Mary's was in front by 8 points but St. Patrick's opened up and tied the score with 45 seconds to go and then added 5 more points.

INDIA SCHOLARSHIPS

Alahabad, India. - Though non-Catholic Schools in the United Provinces of Agra and Oudh far outnumber Catholic institutions, it is striking to note that the majority of State scholarships are won by Catholic schools. Of the first 15 students in the Scholarship list nine attend Catholic schools.

Give the Red Cross little or much, it needs "all-out" help.

To win the game. St. Cecelia's is now in undisputed possession of first place with 5 victories and no defeats. Tied for second place are St. Casimir's and St. Patrick's. Right on their heels are St. Mary's and St. Charles who are tied for fourth place with 2 victories and 3 defeats. St. Anthony's came through with their first victory to lift themselves out of the cellar.

With St. Andrew Seminarians

By JOSEPH W. DAILEY
Students of St. Andrew's were addressed on Tuesday by the Rev. Edmund A. Anable, S.J., lately returned from missionary work in Akulurak, Alaska. Father Anable impressed and thrilled the students with his accounts of the beginnings of Catholicism in Alaska and the difficulties of the early missionaries in comparison with the comparative ease of missionaries of today.

SENIORS OUTDOOR EVENT

The Seniors enjoyed Washington's Birthday at Ellison Park. Toggling took up most of the day which was topped off by a very fine meal cooked by themselves in one of the park's cabins.

WASTE PAPER DRIVE

On Feb. 28 the High School Senior Class of the Seminary inaugurated a waste paper drive and have had the cooperation of both High School and Collegiate Departments of the Seminary. Whatever profits are made from this drive will go towards purchasing a new organ for the St. John Fisher Chapel of St. Andrew's Seminary. Any reader of this column, interested in this worthy cause, and at the same time anxious to conserve waste paper for winning the war, may participate in this Seminary project by calling Main 1244. The Seminarians will call for any quantity lots of waste paper and will be grateful for your kind assistance.

SPELLING BEE

On Tuesday of this week a Spelling Bee was conducted by the Saint John Chrysostom Club of the Seminary.

According To The Doctor

SORE THROATS

Many of the continuing sore throats are more than an after-math of a winter cold. Recent investigation shows that a large number of heart diseases have had their beginning in early life with infected tonsils.

Diseased tonsils may be enlarged. The small pockets in them may contain pus and there may be frequently attacks of sore throat, which, if severe, may result in tonsillitis. Nature makes a great effort to confine the pus to the tonsil and often succeeds in so doing. If the pus is confined, it may do no harm. But if it gets into the blood stream and floats about the circulatory system, it may lodge in the eye, producing eye inflammation. If it lodges in the muscles or about the joints, rheumatism may follow, or if upon the valves of the heart, an inflammation of the lining of the heart may follow, resulting in chronic invalidism.

Some people have sore throat after the removal of their tonsils. Since the tonsils occupy but a small area of the pharynx, their removal may not prevent an inflammation of the remaining mucous membrane of the pharynx and occasionally an infection of the scar tissue formed in the old tonsil. Sore throat may follow.

The throat then should not be subjected to continued spells of coughing and wheezing without examination, attention and treatment. Something deeper and more serious may be hidden beneath the symptom of sore throat.

Belloc Better

London. - Hilaire Belloc, famous Catholic writer and lecturer, who has been seriously ill of pneumonia, is reported to be somewhat better.

CRUNCH GOODS LEADER

New York. - Fred P. Hansen, president of D. B. Hansen & Sons, Chicago, dealers in church goods and religious articles, was elected president of the National Association of Catholic Publishers and Dealers in Church Goods at the national convention here.

Getting On In The World

CURES FOR DESPONDENCY

"Laugh and the world laughs with you, weep and you weep alone."

A hearty laugh is like a bright sunny day. It instills good will and good feeling in everyone just because it exists.

A laugh is wonderfully contagious; if you have it and are in constant contact with others they are certain to have it too.

It is not the laugh itself but the fact that some one possesses the power to laugh, some one who is a happy person in spite of trouble and care, some one who feels the complete joy of living.

A prominent physician advises exercise as a cure for despondency, declaring that it is next to impossible to do such work as chopping wood and remain at the same time depressed.

The instinct of many young people who
